### ALPINE PLANTS 8 - 9CM SQUARE POTS

£3.50	Achillea x 'King Edward'	First rate alpine, flowering for ages with soft primrose yellow blooms. Only 4" high.
£4.00	Achillea ageratifolia	Close, silvery pad with 3" stems of large, white flowers. Trough or scree in full sun. Uncommon.
£4.50	Adonis brevistyla (syn davidii)	Uncommon. Large, glistening white daisies with an ice-blue reverse, giving crystal-like effect.
£3.50	Allium acuminatum	North American species, approx. 7" high, with umbels of lrg. reddish-pink flowers. Full sun.
£4.50	Allium beesianum	The true species, rarely seen. 8" stems, topped with nodding heads of large sky blue bells.
£4.00	Allium cernuum 'Dwarf White'	Wonderful, new introduction. Free flowering, at only 7" high. Looks good on rockery.
£3.50	Allium cyanuum	Close tuft of needle thin leaves, topped by many small Gentian blue heads in summer. Ht. 7"
£4.00	Allium insubricum	Very special, slow to reach flwrg. size, dusky pink, thimble sized bells hang from 8" stems.
£3.50	Allium kokanicum	Slender arching stems to 8" high, support rounded nodding, dusky pink heads. Uncommon.
£4.50	Allium pseudojaponicum	A rare species from S. Korea and Japan. With white flowers, only 7" high, in autumn.
£3.50	Allium sikkimensis	Neat rockery species at only 7" with deep royal blue heads. One of very best for alpine gardens.
£3.50	Allium thunbergii	Last alpine to flower on Nursery, at only 6". Round, pink globes, Oct – November. Japan.
£3.50	Allium wallichianum	Attractive Himalayan species, growing to 16", with deep purple nodding umbels, mid summer.
£3.50	Anacyclus depressus	Silvery filigree foliage, radiating red backed, white daisies all summer. Ideal in sunny crevice.
£3.50	Androsace carnea 'Rosea'	Forming neat cushion with masses of pale pink flrs. in march. Ideal trough plant for full sun.
£3.50	Androsace studiosorum	A good form, with large pink flowers in June. Easy alpine for crevice gardens or troughs.
£4.00	Androsace villosa	One for the alpine collector. Best in cool alpine house. Silvery fol., many white stemless flowers.
£4.00	Anemone nemorosa 'Blue Bonnet'	Deeper shade of lavender blue flowers than 'Robinsoniana'. Slow growing special for shade.
£4.00	Anemone nemorosa 'Flore Pleno'	Finer leaved and slower growing than A. 'Vestal'. Flowers fully double, over long period.
£4.00	Anemone nemorosa 'Royal Blue'	Large flowers of a good strong blue. A dramatic addition for leafy shade. Slow spreader.
£4.00	Anemone x lipsiensis (syn seemannii)	Beautiful, pale yellow hybrid, between A. ranunculoides and native wood anemone.
£4.00	Anemone nemorosa x 'Vestal'	Double pom-pom centres on this classic w/land Anemone. Mid-late spring, Free flwrg. G/cover.
£4.00	Anemone nemorosa x 'Virescens'	Unusual sport. Ferny green bracts instead of flowers. Very decorative for shaded woodland.
£3.50	Anemone palmata lutea	One of many names for A. magellanica. Our form has strong vanilla yellow colour. 10" high
£4.00	Anemone ranunculoides 'Semi Plena'	Beautiful form of the well known, yellow spring Anemone. Good sized semi double blooms. Early
£4.00	Anemone sylvestris 'Flore Pleno'	Quite a rare item. Flowers so double, they form a full pom-pom. Groundcover at only 4" ht.

£4.00	Anemone trullifolia	Good sized flowers of rich blue, late spring, 3" high. Ours are 3-4 yr. old plants. Himalayas.
£3.50	Antennaria dioica 'Rubra'	A superb combination. Red button flwrs. above silvery mat. Lovely over rocks and gravel.
£3.50	Anthemus creticus var leucanthemoides	Close, silvery mat radiating many white daisies at gravel level. Ideal crevice plant. Full sun.
£3.50	Aquilegia bertolonii	The tiniest Aquilegia of Italian Alps. 2" hair thin stems, with large, deep blue flowers. For scree.
£3.50	Aquilegia buergeriana 'Calimero'	Charming, dwarf species Aquilegia, with chocolate lanterns and cream cup inside. 5"
£3.50	Aquilegia ottonis ssp amaliae	Dwarf, fragrant species from Greece, only 5" ht. Flowers of soft, pale blue with white central cup.
£3.50	Armeria juniperifolia 'Alba'	One of the easiest and best trough plants. Tight mound, pure white Thrift flrs. in early spring.
£3.50	Armeria juniperifolia 'Bevan's Form'	Tight dome radiating many deep pink 'Thrift' flrs. over fairly long period. Great trough plant.
£3.50	Aster alpinus 'Dark Beauty'	Large, deep violet blue daisies on 6" stems. Enjoys perfect drainage in full sun. Eur. Alps.
£3.50	Astilbe chinensis pumila 'Tiny Form'	Perfect 6" miniature of this species Astilbe, which we have long cultivated. V. uncommon
£3.50	Astilbe crispa 'Perkeo'	Japanese species with very short, stiff leaves and 6" spikes of radiant pink flowers.
£4.00	Astilbe simplicifolia 'Inshriach Pink'	A Scottish hybrid of superior flowering habit. Many pink flowers above bronzy foliage. Ht. 12"
£4.00	Astilbe glaberrima saxatilis	The smallest species, hails from Mts. of Japan. 2" stems of cream flrs. emerge from close mat.
£3.50	Aubrieta 'Bressingham Red'	The best red to date of this easy, yet valuable addition to rockery. Flowers in spring.
£3.50	Aubrieta gracilis 'Kitte Blue'	One of the best, for length of flowering time. An intense, rich blue. Full sun.
£3.50	Aubrieta 'Valerie'	Bright gold variegation to the compact rosettes. Light lavender blue flowers. Uncommon.
£3.50	Aubrieta variegata 'Nana'	A non-cascading cultivar, forming close cushion with long display of lavender flowers. Mar-Jun.
£3.50	Azorella trifurcata minima	Dense cushion plant. Easy to grow through gravel. Prickly foliage. Slow, 12" spread.
£5.00	Bergenia 'Mrs. Crawford'	Possible hybrid of ciliata found in Kashmir. Pure white flowers in spring. Deciduous.
£4.00	Bergenia cordifolia 'Eroica'	Useful, smaller growing plant for the alpine garden. Good red winter colour, red-purple flrs.
£3.50	Brimeura amethystina	Lilliputian hyacinth with elfin bells of blue, rarely white, on arching 6" stems. E.U. Alps.
£3.50	Bulbinella hookeri	Bronzy strap-like foliage. 1' high stems with 'Pokers' of old gold colour. Likes moisture.
£3.50	Calceolaria falklandica	Tough species from that windswept Island. Good size flowers for carpeting in damp shade.
£3.50	Caltha palustris ssp minor	Tiny Marsh Marigold growing as rarity in Scottish Mnts. only 2" high. Likes moisture!
£3.50	Caltha palustris 'Alba'	Himalayan form of our 'Marsh Marigold'. Large flrs, almost like xmas roses early as Mar.
£3.50	Campanula garganica 'Dickson's Gold'	There couldn't possibly be a better gold leafed alpine! Contrasts well with the sky blue flowers
£3.50	Campanula nitida 'Alba'	Attractive, glossy evergreen rosettes, on compact mound. Huge white, waxy saucers, in summer.
£4.00	Campanula nitida	The species type, seldom seen. Huge, blue open-faced flowers. 5" high. For scree.

£3.50	Campanula pulla	A lush green mound, producing short stems of large violet bells throughout summer.
£3.50	Campanula poscharlayana 'Lisduggan's Variety'	The perfect wall Bellflower, cascading habit. A mass of pink-lilac flowers for ages.
£3.50	Campanula wockei 'Puck'	Masses of deep blue thimbles, gently spreading from small mat. Gritty scree or trough.
£4.00	Cardamine pentaphylla	Large dissected leaves emerge after a show of pink trumpets, pre spring. 8" high, woodland.
£4.50	Cardamine kitaibellia (syn enneaphylla)	Beautiful cream lockets hang above narrow fingered foliage, from March. Woodlander. 7"
£3.50	Cardamine trifolium	Leathery, glossy leaves at ground level. 3" high stems of white flowers from March – April.
£4.00	Centaurea montana 'Alba'	Pure white flowers on 18" stems, within silvery grey leaves. Suits mid-front border.
£3.50	Chrysanthemum weyrichii	Ground cover with 7" stems of large pink Chrysanthus. Showy, seldom seen Japanese alpine. Hardy.
£3.50	Chrysosplenium davidianum	The superior Chinese species, with large yellow flowers. Carpeter for woodland, over long period
£4.00	Clematis x petrei 'Lunar Lass'	Gently cascading hybrid, with greenish-yellow small flowers along thin stems. Good pot var.
£4.00	Clematis marmoraria	Forming an open cushion of parsley-like foliage. Many creamy yellow blooms. Trough or scree.
£4.00	Colchicum agrippinum	Fine Turkish species, only 6". Characteristic chequered goblets of dusky rose colour.
£5.00	Colchicum speciosum 'Album'	Stunning. Huge white goblets in early autumn. Our clone builds up reasonably quickly.
£3.50	Commelina dianthifolia	Hardy species from high alt. California. Small Tradescantia like flrs. of deepest royal blue. 9"
£4.50	Convallaria majalis 'Albostriata'	Very slow growing, with thin gold striations to the leaf. A special and well behaved woodlander.
£4.00	Convallaria majalis 'Rosea'	The pink Lily of the Valley, slower growing than species type. Colour deepens as plant matures.
£4.00	Corydalis cashmiriana	The best species for shady trough or raised bed. Short stems of intense blue flowers. Tiny mound.
£4.00	Corydalis x 'Craigton Blue'	A new introduction, with densely packed flower heads, Royal blue. Strong stems, to 16". Vigorous
£4.00	Corydalis x 'Craigton Purple'	Another unique cultivar from I. Young. The best true purple, with heavy flowering, stately habit.
£3.50	Corydalis solida 'George Baker'	Invaluable for its striking red flowers, when Snowdrops are the only early blooms in garden.
£4.00	Corydalis x 'Heavenly Blue'	Special new hybrid, between C. Elata and C. Flexuosa. Stronger and shorter stems, sky blue.
£4.00	Crepis incana	The pink Dandelion, flowering in abundance in late summer. Grows best in poor, stony soil.
£4.00	Cyclamen cilicium	Flowering period follows C. hederifolium in autumn, also less robust. Shades of pink-white.
£4.00	Cyclamen coum	Stunning leaf forms on hardy pre-Spring Cyc. Add leaf mould to moist soil. Pink/white/reds.
£4.00	Cyclamen coum BSBE 518 Form 2	Cyclamen Soc. field trip introduction. Silvered fol, narrow green central zone. Pink flrs. Feb/May
£4.50	Cyclamen coum 'Meaden's Crimson'	Highly selected, offering the finest deep red colour on this winter flowering hardy Cyclamen.
£4.50	Cyclamen coum 'Nyman's Strain'	Most beautiful of all coum hybrids. Mostly silver foliage, with reddish/magenta flowers.

£4.50	Cyclamen coum 'Tile Barn Elizabeth'	Free-flowering, pure silver leaved hybrid. Flrs. are deep pink, with paler picottee edge. Early.
<b>3 for £10</b>	<b>Cyclamen hederifolium 11cm</b> (mixed colours) £4.00 each	Best known hardy Cyclamen, our stock plants give good deep pinks and superior leaf form.
£5.00	Cyclamen hederifolium 'Long Leafed Form'	Specially selected leaf form, of almost aroid shape. Flowering in varying shades of pink.
£4.00	Cyclamen hederifolium 'Silver Cloud'	A special cultivar. Pure silver, unmarked leaves, pink flowers. Looks amazing in shade.
£4.00	Cyclamen hederifolium 'White Cloud'	Pure silver leaves, with white flowers in autumn. Dramatic combination for shade.
£4.00	Cyclamen intaminatum	Truly miniature, hardy species. Round glossy leaves and small white flrs. Seldom offered.
£4.50	Cyclamen libanoticum	Rare species, from Mts. of the Lebanon. Hardy in cold glasshouse. Lrg. white flwrs, red blotch.
£4.50	Cyclamen pseudibericum	Seldom offered. Large magenta blooms late Feb. One of showiest species, best in cold g'house.
£5.00	Cyclamen purpurascens	Totally hardy, evergreen, summer flwrg. Very special species with scent of Lily of the Valley.
£4.50	Daphne tangutica	Rightly popular for ease of cultivation, and long flowering period. Palest pink and scented.
£4.00	Delphinium brunonianum	Forms clump of low foliage with 12" stems of large, violet flowers all summer. Full sun.
£3.50	Dianthus 'Baby Lom'	Neat glaucous dome with short stems of magenta pink flowers. Mid summer.
£3.50	Dianthus erinaceus alpinus	The 'Hedgehog' Dianthus, forming a close, prickly cushion with short stems of pink flrs.
£4.00	Dianthus arenarius 'Little Maiden'	Small compact cushion, ideal for troughs, etc. Short sprays white, ragged edged, fragrant flrs.
£3.50	Dianthus 'La Bourbouille'	Close hummock of blue-green leaves with short stems of highly fragrant pink flowers.
£3.50	Dianthus 'Nywood's Cream'	One of the best compact alpine hybrids for scent. Short stems of cream flowers in summer.
£3.50	Dianthus 'Rosebud'	A perpetually flowering, and scented miniature, with semi double, rose pink blooms. Only 4".
£4.00	Dianthus 'Whatfield Magenta'	Neat mound of attractive blue foliage, a dramatic contrast to the strong magenta flowers
£3.50	Dicentra cucularia	Finely dissected, smoky grey foliage, with 4" stems of white lockets in early spring.
£4.00	Disporum flavum	A slow spreading mat, for woodland shade. 12" arching stems of cream lockets.
£4.00	Dodecatheon meadia	'Shooting Stars' for spring display in part shade. Cyclamen-like blooms in April.
£4.00	Dodecatheon meadia 'Alba'	Strong growing, pure white sport. Opening around May. Part shade and moisture.
£3.50	Doronicum 'Little Leo'	8" high cultivar, Leopard's Bane for rock garden. Producing semi double golden flrs. from spring
£3.50	Draba aizoides	An easy and very early spring time alpine. Neat mound, sprays of bright yellow flrs. Feb-Mar.
£4.00	Dryas octopetala	A good, free flowering clone of the native Mountain Avens. Enjoys lime, but not too dry.
£4.00	Epimedium grandiflorum 'Lilafee' (Lilac Fairy)	Violet flowers in abundance. A superb, free flowering hybrid of compact growth, only 8" high.
£4.00	Epimedium x youngianum niveum	The most delicate of Epimedium species. Nodding white cups on hair thin stems.
£3.50	Erigeron glaucus	This clone of the species type is of compact, less robust habit. Long display of mauve daisies.

£3.50	Erigeron compositus var discoideus	Compact mat of tufted leaves, producing large, lavender daisies all season. Superb crevice plant.
£3.50	Erigeron montanensis	Long succession of lilac daisies, held stemless above softly haired, tufted mound. Suits crevice.
£3.50	Erodium trifolium	An abundance of white flowers, with soft pink blotches and large leaves. Full sun, gritty soil.
£3.50	Erodium chrysanthum	Fine, silvery green foliage, forming neat mound. Long display sulphur yellow flowers.
£4.00	Erodium chrysanthum 'Pale pink form'	Rare. Delicate, ferny foliage of silvery-green, producing a long display of pale pink 'cups'
£4.00	Erodium petraeum 'Roseum'	A really long display of white flowers, with blush pink face. Olive green, ferny foliage. Sun.
£3.50	Euonymus fortunei 'Kewensis'	Provides structure, as it hugs rock contours. Evergreen, small glossy fol. Tiny yellow flwrs.
£3.50	Felicia rosulata	Hardy Himalayan species. Comflower blue flowers with orange centres. Carpeter.
£3.50	Festuca 'Golden Toupe'	Slow growing and small in stature, fine needles of pure golden yellow. Would suit trough.
£3.50	Ficaria verna 'Cuprea'	Well behaved Celandine, producing bright coppery-orange blooms in early spring. Moisture
£4.00	Ficaria verna 'Double Cream'	No fear of this seeding around! Sterile, large fully double, buff/cream flowers in spring.
£3.50	Ficaria verna 'Primrose'	A really showy Celandine, non-invasive with minimal foliage and huge creamy yellow flrs.
£3.50	Filipendula palmata Dwarf Form	Beautiful Japanese species of carmine pink flwrs. in late summer. Only 10" high. Floriferous.
£8.00	Fritillaria camschatensis aurea	The yellow species type, flowering at 10" high, easy in moist shade. Seldom offered.
£8.00	Fritillaria camschatensis Dwarf Form	Rarely offered, relic from Jack Drake nsy. This is the Japanese alpine form, 6-8" high. Jet black
£4.00	Gentiana acaulis 'Krumrey'	SPECIAL. A very free-flowering form from Germany. Large, deep blue flowers from May.
£4.00	Gentiana acaulis 'Maximus'	Special. Simply huge, deep blue trumpets on this reliable flwrg. Cultivar. Forms good sized mat.
£4.50	Geranium cinereum 'Laurence Flatman'	An old cultivar, still highly prized for its cerise flowers, with dark veining. All summer.
£5.00	Geranium pratense 'Midsummer Night'	Raised on our nursery, a very dark leaved miniature, ht. 8" with lots of lrg. bright blue flrs.
£3.50	Geranium renardii	Round, sage like leaves, and 6" stems of large cream flrs, deeply veined in grey. Himalayas.
£4.00	Geum rivale 'Leonard's Variety'	An old cultivar. Peach, semi-double, nodding blooms of good size. Moist soil, part shade.
£3.50	Geum triflorum campanulatum	Ground hugging species, with ferny foliage. 4" stems, each with 3 nodding apricot bells. U.S.A
£4.00	Gypsophila aretioides	For alpine house or sunny trough – covered in winter. Forms iron hard cushion, very slow.
£3.50	Gypsophila cerastoides	Close mat, hidden by the abundant white flowers. Ideal for hugging rock formation.
£3.50	Gypsophila ten uifolius	Close grass-like cushion, with many pale pink flowers all summer. Neat dome for rockery.
£4.00	Haquetia epipactis	Yellow button flower, with large green sepals early Spring. Woodlander for moist shade. Alps
£3.50	Hebe ramosissima	Slow forming, evergreen mat covered in white flowers, when given full sun. Gritty soil.
£4.00	Hepatica nobilis Alba	Pure white form of this popular, early spring woodlander. Flowers above unmarked leaves.

£4.00	Hepatica nobilis (Violet Blue)	This form we grow is from plants obtained with the darkest violet shade imaginable.
£4.00	Hepatica nobilis (Dusky Pink)	Selected for its soft lilac/pink shade, a welcome colour break, also a free flowering clone.
£4.50	Hepatica nobilis Marbled/pink	Beautiful, dusky pink flowers sit above attractively marked foliage. Stays evergreen.
£4.00	Hepatica nobilis 'Pyrenean Marbles'	Stunning, large white flowers above Cyclamen-like, marbled fol. Last of the nobilis to flower.
£4.50	Hepatica nobilis Red Shades	These seedlings will vary, from reddish-pink to clear, deep red. Worthwhile subject for pan.
£5.00	Hepatica transsilvanica 'Blue Eyes'	A sterile meadia type, with sky blue petals and attractive violet eye. A vigorous clone.
£4.00	Hosta 'Blue Mouse Ears'	Ideal for shady troughs, etc. Rounded blue leaves with deep lilac, good sized flowers. Ht. 3"
£4.00	Hosta kikutii var yakusimensis	A mere pad of tiny leaves, sending up 2" stems of large, lilac flowers. Quite uncommon.
£3.50	Hypericum olympicum uniflorum 'Citrinum'	Low, open mat of olive green, small leaves. Covered in pale lemon flowers. Full sun.
£4.00	Hypericum olympicum 'Minus'	Beautiful, rounded evergreen shrublet, perpetually flowering from early summer. Yellow flowers.
£4.00	Incarvillea delavayii 'Bee's Pink'	Large, exotic shallow trumpets in soft pink shade, early summer. Well drained soil in sun.
£4.00	Incarvillea zhongdianensis	A strong growing species, suited to sunny border with reddish-pink flowers. Good drainage.
£4.00	Impatiens omiense (species)	Truly hardy, ground covering species with natural variegation and lots of late yellow flwrs.
£3.50	Inula orientalis grandiflora	Forming small clump of narrow leaves, with 14" stems of large orange Calendula like blooms.
£3.50	Ipheion uniflorum 'Charlotte Bishop'	Tufts of grass-like stems produce long spring display of dusky pink stars. Very special.
£3.50	Ipheion uniflorum 'Jessie'	A beautiful new cultivar, producing star shaped flowers in shade of deep violet blue.
£4.50	Iris forrestii Black Form	A rare form, of vastly slower growing habit. Blackish-purple blooms. Forms small clump.
£4.00	Iris pumila 'Cherry Garden'	For those who like dark flowers, this 8" Iris has large, aubergine coloured blooms in spring.
£4.00	Iris pumila 'Knick-knack'	A 'must have' plant. White flowers with a violet picotee edge to the petals. Approx. 8" high.
£4.50	Iris x intermedia 'The Gingerbread Man'	Unusual, dwarf bearded Iris. Brown flowers with violet beard. Ht. 10". Full sun, free flowering.
£3.50	Iris suavaolens	Tiny species from the Caucasus. Brass coloured, bearded Iris flowers, only 3" high.
£3.50	Iris setosa Dwarf form	Easy to please, free flwrg. Dwarf Iris. Suits small rockery. Blue flowers, gold veining. Approx. 6"
£3.50	Lamium sandrasicum	Of low, globular habit, covered in many white, pink-lipped Snapdragon-like flowers. Sun. Ht. 4"
£3.50	Lathyrus vernus 'Albroseus'	Very free flowering, soft pink perennial pea, for front of border, or woodland edge. Herbaceous.
£3.50	Leontopodium alpinum 'Matterhorn'	Forming tufted mound, several stems of huge, soft grey flowers. A sound perennial cultivar.
£4.00	Leucojum vernum	Giant Snowdrop relative. 8" stems topped by huge white bells from February. Moisture.
£4.50	Leucojum vernum 'Carpathicum'	Grown from divisions of our best yellow tipped bulbs. Less vigorous than the greens. Moisture,
£4.00	Lewisia nevadensis 'Rosea'	Soft pink flowers, held in heart of narrow leaves, early summer. Ideal pot plant for cold g/house.
£3.50	Limonium speciosum 'Blue Diamond'	An alpine Statice for raised beds in sun. 10" stems papery flowers of pale violet. Evergreen.

£3.50	Lychnis keiskei minor	Small Japanese species of tufted habit. Sprays of rosy pink flowers, late summer. Ht. 6". Scree.
£3.50	Lysimachia japonica minutissima	Japanese species forming neat pad, studded with tiny yellow flowers. Non-invasive. May-Aug.
£4.00	Maianthemum bifolium var Yakushimanum	This tiny species from Japan carpets troughs and shady areas under shrubs. Slow, non-invasive.
£4.00	Meconopsis baileyi 'Alba'	Really beautiful large flowered white form of the Himalayan Blue Poppy. Boss of golden stamens.
£6.00	Meconopsis quintuplinervia	Reginald Farrar's 'Harebell Poppy' for shady, cool spots. Enjoys moist, leafy soil in shade. Runs.
£4.00	Mertensia maritima	Rare Scottish native to Outer Hebrides. Sky blue, leaves, small thimble flowers. Sandy soil in sun.
£3.50	Mertensia pterocarpa	Small and dainty species, only 6" high. Broad leaves and drooping, pale blue bells.
£3.50	Muscari aucheri 'Ocean Magic' 3 bulbs	One of the 'new look' well behaved grape Hyacinths. Bright blue, graduating to white
£4.00	Muscari 'Pink Sunrise'	A grape Hyacinth, of soft pink colour, beautiful in pots with cream and blue Primroses.
£3.50	Narcissus 'Elka' 2 bulbs	Dwarf, trumpet Narcissi, starts as palest yellow, opening fully to pure white. Ht. 8".
£4.00	Narcissus cyclamineus 'Mite'	Only 6" high, with large, yellow swept back flowers. Longlived and reliable. Bulks up well.
£4.00	Narcissus nanus 'Douglasbank'	Stunning cultivar, this tiny Daffodil with yellow trumpets. Guaranteed to flwr. Annually. Only 3"
£4.00	Narcissus 'Snow Baby'	A true miniature trumpet Daffodil, in pure white. Only 6" high and totally hardy.
£4.00	Narcissus poeticus 'Plenus' 2 bulbs	The last Daffodil to flower. White, semi-double Gardenia blooms with exquisite scent. Special.
£3.50	Oenothera triloba	Tidy close tuft of linear foliage, with short sprays of evening flowering yellow blooms.
£4.00	Omphalodes cappadocia 'Cherry Ingram'	Abundant flrs. on this woodland gem. Many 'Forget-me-not' blooms. Ideal for leafy shade.
£3.50	Oreomyza argentea	Close silvery pad, with stemless pale pink candles early summer. Suits troughs or crevices.
£3.50	Oxalis acetosella 'Rosea'	Deserves better attention, heavy flowering, deep pink Wood Sorrel for leafy shade. Ground cover.
£3.00	Oxalis depressa	Flowering over long period, strong pink blooms thread through gravel path edges, etc.
£4.00	Oxalis enneaphylla 'Alba'	A lovely, pure white form with green eye, flowering stemlessly over silvery-grey leaves.
£4.00	Oxalis enneaphylla x 'lone Hecker'	Huge, stemless flrs. of pale pink, strikingly veined in violet. One of the very best Oxalis.
£4.00	Oxalis enneaphylla 'Waverley Hybrid'	Small impressive hybrid, ideal for troughs. Dark purple, magenta veined flowers. Very special.
£3.50	Oxalis magellanica 'Flora Plena'	Rightly popular. Many small, white pom-pom flowers. For gravel edges, or between paving.
£4.00	Oxalis minutaeifolia	Small hummock, forming stemless, palest pink large flowers. Seldom seen beauty.
£4.00	Oxalis oregana 'Bob Haszeldene'	Most attractive Shamrock leaves, with long display of large, pink cup flowers. Woodland.
£3.50	Persicaria affinis 'Donald Lowndes'	Compact and slow growing, a rare cultivar, producing a mass of soft pink/dark red pokers.
£3.50	Persicaria vacciniifolia	From high in Tibet, this low species cascades over rocks, with hundreds of pink pokers. Ht. 3"
£3.50	Phlox douglasii 'Crackerjack'	Lovely, compact needle-leaved mat, ideal for troughs or rockery. Dark crimson flowers.
£3.50	Phlox douglasii 'Eva'	Lovely shade of violet, sweet scent in spring. P. douglasii hybrids are excellent in troughs.

£3.50	Phlox subulata 'Bavaria'	Lovely new introduction. Cream flowers with a striking violet eye. Cascading rock plant.
£3.50	Phlox subulata 'Purple Beauty'	An original colour of cultivar, abundantly flowering, with purplish-blue blooms from May.
£4.00	Polygonatum pratii	Dusky lilac, miniature bells hang from slender leaf axils in spring. Approx. 9" ht. Woodlander.
£4.00	Polygonatum species (name unknown)	Thought to be a variant of P. hookeri. 5" high, with lovely violet bells. Longer flowering.
£5.00	Polygonatum x 'Betburg'	An interesting hybrid, with slate grey foliage which turns green later in summer. White bells. 18"
£3.50	Potentilla eriocarpa	Wonderful Himalayan species of tidy, creeping habit. Long display of small, golden flwrs. Late.
£3.50	Potentilla megalantha	Attractive, softly haired leaves frame clusters of huge, golden yellow blooms all summer. Crevice
£3.50	Potentilla verna nana	Lovely close mat of deepest green leaves, studded with egg yolk yellow flrs. of good size.
£3.00	Pulmonaria rubra	One of the earliest flowering perennials, clusters of red bells before light green leaves. Shade.
£3.50	Pulsatilla halleri grandis	Huge, open face goblets of light lavender blue. Easter flowering. For rocky site in full sun.
£4.00	Pulsatilla vulgaris 'Eve Constance'	The spring Pasque Flower in a delicate shade of pale strawberry. Good, ordinary soil suits.
£3.50	Pulsatilla vulgaris 'Papageno'	A strain of Pasque Flower, sporting fringed blooms in various colours. April – May.
£4.00	Pulsatilla vulgaris 'Pearl Bells'	A new sport, of pearl white, with hint of shell pink. Easy rockery/front of border plant.
£4.00	Ranunculus alpestris	Ideal trough or crevice species, of tidy habit. Long display of white Buttercups from spring.
£3.50	Ranunculus bilobus	Miniature white Buttercup, for rocky scree or trough. Spring flowering.
£3.50	Ranunculus gramineus	Attractive thick grey leaves, 10" stems topped with large golden buttercups. Non-invasive.
£4.00	Ranunculus montanus 'Flore Pleno'	Fully double, golden flowers above 5" stems, from April to early summer. Moisture.
£3.50	Ranunculus montanus 'Molten Gold'	Another of our high alpine species Buttercups, from Alps. Glossy, golden flrs over neat mound
£3.50	Romulea macowanii var alticola	Fine, grassy foliage, producing long display of golden yellow crocus-like blooms. Early spring.
£3.50	Roscoea alpina	An easy miniature, standing only 5" tall, with several purple flowers, in high summer.
£4.00	Roscoea cautleyoides	Easy woodlander. Butter yellow orchid like flrs arise rapidly from leafy shade in early June.
£4.50	Roscoea purpurea	Easy to grow in a woodland setting, this large purple flowered species forms a bold clump.
£4.00	Roscoea tibetica 'Alba'	A rare introduction, ex Tibet. Pure white, stemless flowers in early summer. Part shade.
£3.50	Saponaria x 'Olivana'	Famous old cultivar, forming a neat mat, and radiating large, soft pink flowers all summer.
£3.50	Saponaria ocyroides 'Snow Tip'	Quite different in habit from usual pink. Dense mat, radiating short stems of pure white flowers.
£4.00	Saxifraga Hareknoll Beauty'	Silvery, encrusted rosettes give rise to many stems of red flowers, over long period.
£3.50	Saxifraga arendsii 'Pixie Red'	Tight green cushions, smothered in deep red flrs. from April. Suitable for shady troughs.
£4.00	Saxifraga crustata	Slow growing, low hard cushion, with thin silver encrusted leaves. Superb trough plant.
£4.00	Saxifraga canis dalmatica	Encrusted Saxifraga, forming dome of silvery rosettes, topped by palest pink/white flowers.

£4.00	Saxifraga cotyledon 'Kath Dryden'	Large, encrusted rosettes produce arching sprays of large white flowers from late May.
£4.00	Saxifraga elizabethea 'Boston Spa'	Free flowering in April. Lots of pale yellow flrs on this kabschia type. Ideal for trough.
£4.00	Saxifraga oppositifolium 'Vaccariana'	The striking purple Saxifraga of early spring, growing so well in our Scottish climate.
£4.00	Saxifraga paniculata 'Jaromir'	Silvery rosettes forming close cushion, with many stems of red flowers in mid summer.
£4.00	Saxifraga kotschyana	Small and slow species, from Iran. Green rosettes, lightly encrusted. White flwrs. 5" stems.
£4.00	Saxifraga paniculata 'Lutea'	A welcome, pale sulphur yellow encrusted Sax, amongst a wealth of white flwr. varieties.
£4.00	Saxifraga 'Dr. Ramsay'	One of the showiest Saxifragas for silvery leaf rosettes. Strong stems of pure white flrs in June
£3.50	Saxifraga 'Winifred Bevington'	Green rosettes packed tightly together, each with a red stem, topped with bunches of pink flowers.
£3.50	Saxifraga primuloides 'Clarence Elliot'	Emerald green rosettes, each sending up red stems and lots of frothy pink flowers.
£3.50	Scabiosa japonica nana 'Ritz Blue'	An especially deep blue selection of this compact rockery pin-cushion flower. Blooms all summer.
£4.00	Scabiosa japonica 'Rose Quartz'	Our own introduction. Very compact habit, with large soft pink blooms all summer.
£3.50	Scutellaria japonica	Constant supply of soft, amethyst blue flrs. from July. Low mounds of dark green fol. Desirable.
£3.00	Sedum reflexum 'Red Form'	A less vigorous sport, turning a vibrant red from autumn to late spring. Uncommon.
£3.00	Sedum spathulifolium 'Purpureum'	Well known for its dark plum rosettes and broad flat heads of gold flrs. Non-invasive, tidy
£3.50	Sempervivum 'Bronco'	Dark brownish red rosettes, make this a quite unique sport. An old, and popular cultivar.
£3.50	Sempervivum 'Mrs. Guiseppe'	Large, olive green rosettes with dramatic, maroon tipped leaves. Vigorous variety.
£3.50	Serratula shawii syn seoneai	Late flowering, 16" high stems above darkest green, feathery fol. Masses mauve knapweeds.
£4.00	Silene acaulis 'Frances'	This golden leaved form of Moss Champion was found on Shetland. Stemless pink flwrs. Moisture.
£3.50	Silene maritima compacta	Distinctly more compact version of the native Sea Champion. Cascades of many white bells.
£3.50	Silene maritima 'Rosea'	A spectacular display of palest pink flowers covers the cascading foliage from spring.
£3.50	Sisyrinchium 'Devon Skies'	Non-invasive cultivar, suitable for rock garden. Lovely pale blue cups all summer long. 5"
£3.50	Sisyrinchium 'Dragon's Eye'	A tidy, non-invasive Iris like plant, producing cream cups with purple eye zone. 5" high.
£3.50	Sisyrinchium 'E.K. Balls'	A seemingly endless show of violet blue cups all summer. A non-invasive sterile hybrid.
£4.00	Soldanella carpatca	Lush green, rounded foliage forming small mat. Short stems of violet bells from April.
£4.00	Soldanella 'Spring Symphony'	Similar to 'Sudden Spring', but flowers are larger, and entire plant is smaller and slower.
£4.00	Soldanella x 'Sudden Spring'	Small leaved Montana hybrid, of free flowering habit. Pale lilac flowers, of good size. Early.
£4.00	Soldanella villosa	N. American species, growing at edge of light woodland. 8" stems, with lots of violet bells
£3.50	Solidago virgaurea ssp minima	Uncommon form, apparently a rare native. Dwarf mound with tiny yellow buttons in Sept.
£4.00	Stachys discolor	Native to Iran, producing large, pale cream flrs. on 9" stems, early summer. Good drainage.

£4.00	Stachys officinalis 'Humeleo'	Welcome introduction for the larger rock garden, 10" stems of pale purple spikes in summer.
£4.00	Stachys officinalis 'Dwarf White'	Miniature alpine sport, suitable for troughs, etc. Short spikes pure white flowers. Summer/Autumn
£4.00	Teucrium pyrenaicum	Classy, crevice plant, hugging contours. Cream/purple lipped flwrs. Mid summer. Sharp drainage
£3.50	Thlaspi densiflorum	Close green rosette, with bunches of pure white flowers, from 3" stems. Good crevice plant.
£3.50	Thymus 'Red Elf'	A chance sport from T. 'Elfin Dome'- VERY floriferous, deep reddish flowers. HARDY.
£3.50	Townsendia alpigena var alpigena	Small tufts of linear leaves, with 4" stems of lavender daisies, spring-summer. Sunny crevice.
£4.00	Trollius europeus 'Lemon Supreme'	Stocky new hybrid, only 14" high. Acid yellow globes from late spring. Suits border fronts.
£3.50	Trollius ranunculoides	Good sized, single Buttercup like flowers, above 8" stems. Late summer. Suits woodland edge.
£3.50	Umbilicus oppositifolius (formerly Chiastophyllum)	Round, succulent leaves and pendulous Laburnum-like chains. From early May-June.
£3.50	Valeriana supina	Ground hugging foliage, forming mat with 2" stems of clustered pale pink blooms.
£3.50	Veronica oltensis	Suitable trough plant, forming close pad of tiny leaves topped by many short, blue spikes.
£3.50	Veronica prostrata 'Lilac Time'	A slow growing, compact cultivar, with soft lilac spikes, covering pad of tiny leaves.
£4.00	Veronica spicata 'Prince's Feather'	Emerald green foliage, hugs ground. 6" spikes deep violet blue, flowering mid summer. Showy.
£3.50	Vinca minor 'Azurea Flore Pleno'	Superb ground cover for sun or part shade. Sprays of double blue flowers, from spring.
£4.00	Vinca minor atropurpurea 'Rumbling Bridge Double'	A chance seedling appearing on the nursery, of more upright habit, with double purple flowers.
£3.50	Viola hancockii	Attractive, rare species from Vietnam, with large lilac flrs. over deep green leathery text. leaves.
£3.50	Viola odorata 'Coeur d'Alsace'	The Parma Violet, in delicate shade of dusky pink. Flowering from early March,. Part shade.
£3.50	Viola odorata 'Queen Charlotte'	The most free flowering of the Parma Violet hybrids. Spring sunshine releases sweet scent
£3.50	Viola odorata 'Sulphurea'	An unusual form of the Sweet Violet in a shade of pale sulphuryellow. Also, less vigorous.
£3.50	Zauschneria californica 'Ed Carman'	10" high, Fuschia relative, with vermilion coloured flowers, from early autumn. Enjoys full sun.

## AURICULAS

*These are offered at the shows we attend throughout the season.*

## PRIMULAS - EUROPEAN SPECIES & HYBRIDS 8-9CM SQUARE POTS

*All vars. marked with \*\* Raised by Rumbling Bridge Nursery*

£3.50	Primula auricula hybrids ** 'Rumbling Bridge Strain'	Our finest hybrid mix. Many exhibit serrated edge leaves and farina. Wide ranging colours.
£4.00	Primula allionii 'Aire Mist'	Successful show variety of long standing. Very compact cushion, hidden by huge, white flowers.
£4.00	Primula x allionii 'Blindsee'	Very close cushion, hidden by cream flowers from early April. Fine show plant.
£4.00	Primula auricula Species ( Coll. Switzerland)	Seed grown plants from an excellent form, originally collected Switzerland. Some mealy.
£5.00	Primula hirsuta 'Nivea'	This pure white form is easier to grow and maintain, especially in pot for show.
£4.00	Primula marginata Dwarf Form	Best enjoyed in troughs or pots in cold g'house, due to small habit. Deep violet blue flrs. March
£4.00	Primula marginata var Laciniata	Deeply serrated leaves, like Holly foliage, dusted in farina. Sky blue flowers from March – April.
£5.00	Primula marginata ** 'Late Frost'	Our latest introduction - a compact, large flwr. white, extending the marginata season into May.
£4.00	Primula x pubescens 'Boothman's Variety'	An old, and popular, hybrid of free-flowering habit Blooms of purplish-red colour.
£4.00	Primula x pubescens 'Jo Jo'	The seedling partner to Clarence Elliott, though, superior. More compact/floriferous. Deep blue.
£4.50	Primula x pubescens ** 'Rumbling Bridge'	Good sized flowers of butter yellow, against neat farinose leaves. Please see page on our website.

## PRIMULAS, SPECIES - 9CM AND IL POTS

*All vars. marked with \*\* Raised by Rumbling Bridge Nursery*

£3.50	Primula alpicola 'Luna'	A selection with pale, moonlight yellow bells, powdered within. Most popular of our 3 forms.
£3.50	Primula alpicola 'Violacea'	The species type, appearing in range of colours from pinky-terracotta, to pale or deepest violet.
£4.00	Primula aurantiaca	Seldom available. Dwarf Candelabra with brown stems, and tiers of deep orange/pink flowers.
£4.00	Primula aurantiaca x pulverulenta ** P.C.	This shorter growing Candelabra hybrid appeared on Nsy. 2012. Wide range of colours.
£3.50	Primula beesiana	Most commonly seen of candelabras, deep reddish pink flowers late May. Likes moisture.
£3.50	Primula bulleyana	The best known of the Candelabras, much admired for its hot orange flrs. in mid summer.
£4.00	Primula cashmeriana	Less robust than P. denticulata. Mid blue drumsticks, held above mealy leaves. April-May.

£3.50	Primula chionantha	Golden farina covers undersides of the leaves and flower stalks. Deep purple or white flowers.
£4.50 1L	Primula denticulata 'Blue Special Selection'	Strain produced from the finest blue selections. One of the best Primulas for a Scottish spring.
£5.00 1L	Primula denticulata 'Rubinball'	Absolutely stunning shade of deep, ruby red. Brightens up the early spring garden.
£4.50 1L	Primula denticulata 'Rubra'	Seedlings grown from the stunning denticulata 'Rubinball'. Colours may vary.
£4.00	Primula denticulata Pink	A new seed strain, in varying shades of pink. A welcome addition to the colour range.
£3.50	Primula elatior (Oxslip)	More refined, better plant than Cowslip. Softly haired leaves, large nodding, primrose bells.
£6.00	Primula elatior ** ssp meyeri "Arwen" P.C.2019	Pure white Oxslip flowers in April. A new form, raised here through years of colour selection.
£3.50	Primula florindae 'Red Shades'	We have selected, over many years, the deepest pillar box red forms, which come true. Fragrant
£4.00	Primula 'John Fielding'	Small and compact Primrose, of slow habit. Sprays of deep blue blooms from February.
£3.50	Primula x 'Johanna'	Dwarf hybrid for wet soils. 6" stems soft pink, sometimes second or third tier. Sterile hybrid.
£3.50	Primula juliae	Rare miniature, creeping Primrose. Deep violet blue flowers. Enjoys North facing, moist bank.
£4.00	Primula poissonii	Tiers of claret flowers with yellow eye and smooth, glossy leaves. Moist, part shade. China
£3.50	Primula rosea	Common, but always popular in Spring. Vivid pink flowers with yellow eye. Tight clump.
£4.00	Primula scotica	Often asked for, though seldom offered! Grown from good forms, with broad leaves.
£3.50	Primula secundiflora	Cowslip type from China. 10" stems, nodding downwards, clad in cherry red bells. Wet soils.
£3.50	Primula sikkimensis hybrid	Wonderful dwarf, of multi-stemmed habit, with bunches of claret bells/cream inner. Only 8" high.
£3.50	Primula sikkimensis var pudibunda	A stockier growing selection, of the popular nodding, yellow cowslip Primula. Likes moisture
£3.50	Primula veris 'Sunset Shades'	Neat growing cowslip, with shorter stems than native variety. Deep red to pale orange shades.
£3.50	Primula viallii	The 'Orchid Primrose'. Violet spike, with poker of vivid red colour. Prefers a lighter border soil.
£4.00	Primula juliana 'Hallbarn Blue'	An old compact Primrose, of free flowering habit hidden by mid blue coloured blooms.
£3.50	Primula matthioli congesta	Small, compact species with 7" stems of nodding dark red bells. Keep just moist.
£3.50	Primula vulgaris 'Iris Mainwaring'	Compact and heavy flowering Primrose, with huge lilac blooms, which hide foliage in spring.
£3.50	Primula waltonii	Asian Cowslip type Primula with 2' stems of flowers in myriad colours, mainly plum/purple.
£3.50	Primula waltonii (Butter Yellow) **	We have developed in isolation, plants of a beautiful soft, pale yellow. Stems to 2' in height.

## WOODLAND AND HERBACEOUS PLANTS *1 LITRE POTS*

£7.00	Adiantum venustum	Totally hardy Maidenhair Fern, from Himalayas. Enjoys cool, shady spot, with leafy compost.
£6.00	Anaphalis triplinervis 'Sommer Schnee'	Beautiful, silvery carpet of silky haired leaves and 10" stems white, everlasting flowers.
£7.00	Astilbe japonica 'Red Sentinel'	Still the best red Astilbe to date. Enhanced by lovely cherry tint to leaves. Ht. 16"
£8.00	Clematis alpina 'Alba'	The seldom seen pure white sport. Suitable for scrambling through smaller trees or shrubs.
£7.00	Crocsmia 'Solfatare'	Best known of the bronze leaved cultivars, a free flowering brassy gold colour. Totally hardy.
£10.00	Dactylorhiza hybrids	Attractive hybrids, between D. fuchsii x D. purpurea. Some produce spotted leaves.
£7.00	Danae racemosa	Wonderful, green foil for shady areas. Glossy, evergreen leaves along, stiff 3' stems.
£5.00	Delphinium cashmerianum	Not to be confused with the short-lived species. Stocky plant, 16" high. Large violet, hooded flrs.
£6.50	Dicentra spectabilis 'Alba'	Easier to accommodate, less bulky and slower growing white form of 'Bleeding Heart'. China
£6.50	Dicentra 'Valentine'	This short American sport has become very popular for its dark, bronzy-red flowers. Ht. 16"
£5.00	Epimedium versicolor 'Sulphureum'	Strong growing ground cover, with abundant pale yellow flowers and attractive bronzy fol.
£6.50	Eryngium x zabelii 'Jos Eijking'	Low foliage, with white veining, 16" stems of deepest violet blue Sea Holly flowers.
£5.00	Geranium cinereum 'Ballerina'	Irresistible, soft pink flowers cover low mat of delicate foliage, all summer long. Full sun.
£6.00	Incarvillea compacta	Raised from botanical seed, these will flower at approx. 9". Well drained soil, in full sun.
£6.00	Incarvillea mairei 'Grandiflora'	The true plant, with ground hugging foliage and 12" stems of gigantic rose pink flowers.
£6.00	Iris chrysographes 'Black As Your Hat'	These are divisions of the finest jet black sport, raised on the old Jack Drake nursery. Moisture.
£8.00	Lathyrus vernus 'Elspeth'	Unique shade of azure blue, on this recent introduction. For woodland or shady border.
£9.00	Lilium martagon	We have large, home grown bulbs of the lovely 'Turk's Cap Lily' These will establish well.
£8.00	Meconopsis x 'Jimmy Bain'	A sterile hybrid with deepest blue large flwrs. Flower of quality, with overlapping petals.
£7.00	Meconopsis x 'Lingholm'	Our plants originate from Lingholm Garden. Showing marked vigour and multi-crown habit.
£8.00	Paeonia veitchii var woodwardii	Short alpine species, only 16" high, flowering early June, with single, rosy-pink blooms.
£10.00	Polygonatum x hybridum 'Striatum'	For those who like variegation, this small, slow growing Solomon's Seal has cream streaked fol.
£8.00	Polygonatum odoratum	Slow spreading species, of stocky habit. 10" stems of large fragrant, white bells.

£9.00	Sanguinaria canadensis 'Multiplex'	White, fully double blooms, in earliest spring, like small water lilies. Rarely offered as 1L pots.
£10.00	Trillium chloropetalum Giganteum <i>E.B.G. Form</i>	We stick with the well marked foliage clone – 'Edinburgh Botanics Form'. Deep plum flwrs.
£5.00	Trollius x cultorum 'New Moon'	Superb new hybrid with perfect globe flowers of pale butter yellow. Approx. 10" high.
£8.00	Uvularia grandiflora ( <i>Merrybells</i> )	Twisted, yellow petals dangle from 16" stems from early May. N. American woodlander.
SHRUBS – <i>ILPOTS</i>		
£6.00	Andromeda polifolia 'Blue Ice'	Striking, blue ball of foliage, covered in soft pink bells in spring. Moist, acid soil.
£10.00 1.5L	Chamaedaphne calyculata	Low, twiggy bush, wreathed in white bells before foliage fully emerges. Arctic native.
£6.00	Cotoneaster atrophoros	Slow, ground covering species from S.W. China. Small leaves, edged with silvery 'hair'.
£6.00	Cotoneaster thymefolia	A very tough clone of this evergreen, tiny leafed species. Masses small red berries, aut-spring.
£10.00	Daphne tangutica Dwarf Form	An uncommon selection, reaching only 26" high x 30". Has same long flowering period. Scented.
£8.00	Gaultheria wisleyensis 'Pink Pixie'	A superb dwarf ericaceous shrub, lots of pale pink bells, then claret berries all winter. Ht. 8"
£5.00	Hebe odorata	Ground hugging, glossy leaves forming small mat. Smothered in white flowers, summer. Sun.
£6.00	Jasminium parkeri	Semi evergreen dwarf shrub, covered in yellow flrs, all summer. Requires sheltered location.
£8.00	Phylliopsis x 'Mermaid'	Profusion of pale pink thimbles, on a neat globe, small enough for a trough. Repeats in Autumn.
£8.00	Phyllodoce x alpina	Rare hybrid between P. nipponica x P. aleutica. Producing large pink globular flwrs. April/May
£10.00 1.5L	Phyllodoce caerulea <i>Wm. Buchanan's peach seedling'</i>	Very rare hybrid, selected by famous plantsman, Wm. Buchanan. Pinky-peach tink to bells.
£8.00	Phyllodoce empetriformis	Tidy, dense growing species, of rounded habit covered in deep pink bells, from April.
£10.00 1.5L	Phyllodoce x intermedia 'Fred Stoker'	A tough, long-lived hybrid, producing reddish-pink bells from April. Humus-rich bed suits.
£6.00	Vaccinium delavayi	Slow ground cover, only 6" high. Grown for its fiery red, new foliage. Acid soil.
