ALPINE PLANTS <i>8 OR 9CM SQUARE POTS</i>		
£3.50	Achillea x 'King Edward'	First rate alpine, flowering for ages with soft primrose yellow blooms. Only 4" high.
£4.00	Achillea ageratifolia	Close, silvery pad with 3" stems of large, white flowers. Trough or scree in full sun. Uncommon.
£3.50	Acinos alpinus	Alpine herb forming small mound. Lots of Amethyst flowers all summer. Dry scree/ sun.
£3.50	Allium acuminatum	North American species, approx. 7" high, with umbels of lrg. reddish-pink flowers. Full sun.
£4.50	Allium beesianum	The true species, rarely seen. 10" stems, topped with nodding heads of large sky blue bells.
£4.00	Allium cernuum 'Dwarf White'	Wonderful, new introduction. Free flowering, at only 7" high. Looks good on rockery.
£3.50	Allium cyaneum	Close tuft of needle thin leaves, topped by many small Gentian blue heads in summer. Ht. 7"
£3.50	Allium kokanicum	Slender arching stems to 8" high, support rounded nodding, dusky pink heads. Uncommon.
£4.50	Allium pseudojaponicum	A rare species from S. Korea and Japan. With white ball clusters, only 10" high, in autumn.
£3.50	Allium sikkimensis	Neat rockery species at only 7" with deep royal blue heads. One of very best for alpine gardens.
£3.50	Allium thunbergii	Last alpine to flower on Nursery, at only 6". Round, pink globes, Oct – November. Japan.
£3.50	Anacyclus depressus	Silvery filigree foliage, radiating red backed, white daisies all summer. Ideal in sunny crevice.
£3.50	Androsace carnea 'Brigantica'	Compact 'Thrift like' mound with short stems of white flowers in April. A classy, easy alpine.
£3.50	Androsace carnea var laggeri	A very tight cushion of needle thin leaves, free flowering, with rose pink heads. Ideal for crevice.
£3.50	Androsace carnea 'Rosea'	Forming neat cushion with masses of pale pink flrs. in march. Ideal trough plant for full sun.
£3.50	Androsace studiosorum	A good form, with large pink flowers in June. Easy alpine for crevice gardens or troughs.
£3.50	Anemone coronaria	Turkish species, producing variety of colours from white -red. Suits rear of rock garden. Approx. 10"
£4.00	Anemone nemorosa 'Blue Bonnet'	Deeper shade of lavender blue flowers than 'Robinsoniana'. Slow growing special for shade.
£4.00	Anemone nemorosa 'Flore Pleno'	Finer leaved and slower growing than A. 'Vestal'. Flowers fully double, over long period.
£4.00	Anemone nemorosa 'Royal Blue'	Large flowers of a good strong blue. A dramatic addition for leafy shade. Slow spreader.
£4.00	Anemone x lipsiensis (syn seemannii)	Beautiful, pale yellow hybrid, between A. ranunculoides and native wood anemone.
£5.00	Anemone nemorosa 'Green Fingers'	An interesting curiosity for troughs. Small flowers with clusters of green leaflets in place of petals.
£4.00	Anemone nemorosa x 'Vestal'	Double pom-pom centres on this classic w/land Anemone. Mid-late spring, Free flwrg. G/cover.
£4.00	Anemone nemorosa x 'Virescens'	Unusual sport. Ferny green bracts instead of flowers. Very decorative for shaded woodland.
£3.50	Anemone palmata lutea	One of many names for A. magellanica. Our form has strong vanilla yellow colour. 10" high
£4.00	Anemone ranunculoides 'Semi Plena'	Beautiful form of the well known, yellow spring Anemone. Good sized semi double blooms. Early

£4.00	Anemone sylvestris 'Flore Pleno'	Quite a rare item. Flowers so double, they form a cream pom-pom. Groundcover at only 4" ht.
£4.00	Anemone trullifolia	Good sized flowers of rich blue, late spring through summer. 3" high. Himalayas. Moist shade
£3.50	Antennaria dioica 'Rubra'	A superb combination. Red button flwrs. above silvery mat. Lovely over rocks and gravel paths.
£3.50	Anthemus creticus var leucanthemoides	Close, silvery mat radiating many white daisies at gravel level. Ideal crevice plant. Full sun.
£3.50	Aquilegia bertolonii	The tiniest Aquilegia of Italian Alps. 2" hair thin stems, with large, deep blue flowers. For scree.
£3.50	Aquilegia buergeriana 'Calimero'	Charming, dwarf species Aquilegia, with chocolate lanterns and cream cup inside. 5"
£4.00	Aquilegia chaplinei	A rare species, with fine chocolate coloured, bronzy leaves & 9" stems with narrow lemon flwrs.
£3.50	Aquilegia discolor	Small species, from European Alps. Mid blue flowers with white cup in June. Approx. 5" high.
£3.50	Aquilegia flabellata 'Alba'	Miniature Columbine, with pure white flowers, for rock garden. Flwrg. in late spring. Approx. 6" high.
£3.50	Aquilegia ottonis ssp amaliae	Dwarf, fragrant species from Greece, only 5" ht. Flowers of soft, pale blue with white central cup.
£3.50	Armeria juniperifolia 'Alba'	One of the easiest and best trough plants. Tight mound, pure white Thrift flrs. in early spring.
£3.50	Armeria juniperifolia 'Bevan's Form'	Tight dome radiating many deep pink 'Thrift' flrs. over fairly long period. Great trough plant.
£4.00	Asperula nitida	Thin, needle-like leaves, on this bluish tinged cushion, hidden below mass of pale pink flowers
£3.50	Aster alpinus 'Dark Beauty'	Large, deep violet blue daisies on 6" stems. Enjoys perfect drainage in full sun. Eur. Alps.
£3.50	Astilbe chinensis pumila 'Tiny Form'	Perfect 6" miniature of this species Astilbe, which we have long cultivated. V. uncommon
£4.00	Astilbe simplicifolia 'Inshriach Pink'	A Scottish hybrid of superior flowering habit. Many pink flowers above bronzy foliage. Ht. 12"
£3.50	Aubrieta 'Bressingham Red'	The best red to date of this easy, yet valuable addition to rockery. Flowers in spring.
£3.50	Aubrieta 'Valerie'	Bright gold variegation to the compact rosettes. Light lavender blue flowers. Uncommon.
£3.50	Aubrieta variegata 'Nana'	A non-cascading cultivar, forming close cushion with long display of lavender flowers. Mar-Jun.
£3.50	Azorella trifurcata minima	Dense cushion plant. Easy to grow through gravel. Prickly foliage. Slow, 12" spread.
£3.50	Brimeura amethystina	Lilliputian hyacinth with elfin bells of blue, rarely white, on arching 6" stems. E.U. Alps.
£4.00	Bulbinella hookeri	Bronzy strap-like foliage. 1' high stems with 'Pokers' of old gold colour. Likes moisture.
£3.50	Calceolaria falklandica	Tough species from that windswept Island. Good size flowers for carpeting in damp shade.
£4.00	Caltha palustris ssp minor	Tiny Marsh Marigold growing as rarity in Scottish Mnts. only 2" high. Likes moisture!
£3.50	Caltha palustris 'Alba'	Himalayan form of our 'Marsh Marigold'. Large flrs, almost like xmas roses early as March
£3.50	Campanula cochlearis 'Alba'	The heavy flowering white form of the creeping alpine Bellflower. Spring to late summer. Full sun.
£3.50	Campanula garganica 'Dickson's Gold'	There couldn't possibly be a better gold leafed alpine! Contrasts well with the sky blue flowers
£3.50	Campanula nitida 'Alba'	Attractive, glossy evergreen rosettes, on compact mound. Huge white, waxy saucers, in summer.

£4.00	Campanula nitida	The species type, seldom seen. Huge, blue open-faced flowers. 5" high. For scree.
£3.50	Campanula pulla	A lush green mound, producing short stems of large violet bells throughout summer.
£3.50	Campanula poscharlayana 'Lisduggan's Variety'	The perfect wall Bellflower, cascading habit. A mass of pink-lilac flowers for ages.
£3.50	Campanula wockei 'Puck'	Masses of deep blue thimbles, gently spreading from small mat. Gritty scree or trough.
£3.50	Carex petrei	Tidy and compact, bronze grass for rock garden, only 5" high. Non-invasive.
£4.50	Cardamine kitaibellia (syn enneaphylla)	Beautiful cream lockets hang above narrow fingered foliage, from March. Woodlander. 9-10".
£3.50	Cardamine pratensis 'Flora Plena'	Showy, double pink sport of the native Cuckoo Flower, for moist soil. No bad vices.
£4.00	Centaurea montana 'Alba'	Pure white flowers on 18" stems, within silvery grey leaves. Suits mid-front border.
£3.50	Chrysanthemum weyrichii	G'cover with 7" stems of large pink Chrysanth. Showy. Good, free flowering form. Hardy.
£3.50	Chrysosplenium davidianum	The superior Chinese species, with large yellow flowers. Carpeter for woodland, over long period
£4.00	Clematis x petrei 'Lunar Lass'	Gently cascading hybrid, with greenish-yellow small flowers along thin stems. Good pot var.
£4.00	Clematis marmoraria	Forming an open cushion of parsley-like foliage. Many creamy yellow blooms. Crevice or scree.
£4.00	Clematis (coll. Nanda Devi expd.2019)	Found scrambling over rocks, on the Milam glacier at 11,500'. Purple seed heads in Autumn.
£3.50	Codonopsis ovata	Low, arching species, with nodding, palest blue bells. Ideal for the rock garden in summer.
£4.00	Colchicum agrippinum	Fine Turkish species, only 6". Characteristic chequered goblets of rosy-lilac colour.
£5.50	Colchicum speciosum 'Album'	Stunning. Huge white goblets in early autumn. Our clone builds up reasonably quickly.
£3.50	Commelina dianthifolia	Hardy species from high alt. California. Small Tradescantia like flrs. of deepest royal blue. 9"
£5.00	Convallaria majalis 'Albostriata'	Very slow growing, with thin gold striations to the leaf. A special and well behaved woodlander.
£4.00	Convallaria majalis 'Rosea'	The pink Lily of the Valley, slower growing than species type. Colour deepens as plant matures.
£4.00	Corydalis cashmiriana	The best species for shady trough or raised bed. Short stems of intense blue flowers. Tiny mound.
£4.00	Corydalis x 'Craigton Blue'	A new introduction, with densely packed flower heads, Royal blue. Strong stems, to 16". Vigorous
£4.00	Corydalis x 'Craigton Purple'	Another unique cultivar from I.Young. The best true purple, with heavy flowering, stately habit.
£3.50	Corydalis solida 'George Baker'	Invaluable for its striking red flowers, when Snowdrops are the only early blooms in garden.
£4.00	Corydalis x 'Heavenly Blue'	Special new hybrid, between C. Elata and C. Flexuosa. Stronger and shorter stems, sky blue.
£4.00	Corydalis x 'Kingfisher'	Very special hybrid between C. Cashmeriana x C. Elata. Compact, long flwrg.if grown in shade
£4.00	Corydalis malkensis	Similar to solida, but earlier, with cream flowers from early march. Rarely offered.
£5.00	Corydalis mucronipetala	Fairly recent introduction for scree garden. Small plant with intense electric blue flowers in June.

£4.00	Crepis incana	The pink Dandelion, flowering in abundance in late summer. Grows best in poor, stony soil.
£4.00	Cyclamen cilicium	Flowering period follows C. hederifolium in autumn, also less robust. Shades of pink-white.
<b>3 for £10</b>	Cyclamen coum <b>£4.00 each</b>	Stunning leaf forms on hardy pre-Spring Cyc. Add leaf mould to moist soil. Pink/ white/reds.
£4.00	Cyclamen coum BSBE 518 Form 2	Cyclamen Soc. field trip introduction. Silvered fol, narrow green central zone. Pink flrs.Feb/May
£5.50	Cyclamen coum 'Meaden's Crimson'	Highly selected, offering the finest deep red colour on this winter flowering hardy Cyclamen.
£5.00	Cyclamen coum 'Tile Barn Elizabeth'	Free-flowering, pure silver leafed hybrid. Flrs. are deep pink, with paler picottee edge. Early.
<b>3 for £10</b>	Cyclamen hederifolium <b>11cm</b> (mixed colours) <b>£4.00 each</b>	Hardy Cyclamen for autumn colour in wide range of situations. White-pink, with superior leaf form.
£5.00	Cyclamen hederifolium <b>11cm</b> 'Long Leafed Form'	Specially selected leaf form, of almost aroid shape. Flowering in varying shades of pink.
£5.00	Cyclamen hederifolium 'Silver Cloud'	A special cultivar. Pure silver, unmarked leaves, pink flowers. Looks amazing in shade.
£5.00	Cyclamen hederifolium 'White Cloud'	Pure silver leaves, with white flowers in autumn. Dramatic combination for shade.
£4.50	Cyclamen intaminatum	Truly miniature, hardy species. Round glossy leaves and small white flrs. Ideal for troughs.
£5.00	Cyclamen pseudibericum	Large magenta blooms in March. Lovely species for pot in cold glasshouse.
£5.00	Cyclamen purpurascens	Totally hardy, evergreen, summer flwrg. Very special species with scent of Lily of the Valley.
£4.00	Delphinium brunonianum	Forms clump of low foliage with 12" stems of large, violet flowers all summer. Full sun.
£3.50	Dianthus 'Annette'	Striking blue foliage, on this compact dome. 2" stems semi double, blood red flowers. Scented.
£3.50	Dianthus 'Baby Lom'	Neat glaucous dome with short stems of magenta pink flowers. Mid summer.
£4.00	Dianthus alpinus 'Inshriach Dazzler'	Well named rockery Pink, with most vivid shade of deep pink flowers.
£4.00	Dianthus arenarius 'Little Maiden'	Small compact cushion, ideal for troughs, etc. Short sprays white, ragged edged, fragrant flrs.
£3.50	Dianthus deltoides	Close carpet of lush green foliage. Long display of dazzling vivid pink, small flowers.
£3.50	Dianthus deltoides 'Alba'	Ground hugging mat, radiating white flowers from mid spring. Suits raised beds in full sun.
£4.00	Dianthus erinaceus alpinus	The 'Hedgehog' Dianthus, forming a close, prickly cushion with short stems of pink flrs.
£3.50	Dianthus 'La Bourboule'	Close mat of blue-green leaves with short stems of highly fragrant pink flowers.
£3.50	Dianthus 'Nywood's Cream'	One of the best compact alpine hybrids for scent. Short stems of cream flowers over close mat.
£3.50	Dianthus 'Rosebud'	A perpetually flowering, and scented miniature, with semi double, rose pink blooms. Only 4".
£3.50	Dianthus 'Whatfield Can Can'	Blue leafed mound, with many stems of double deep pink flrs. Strong scent, long flowerer.
£4.00	Dianthus 'Whatfield Magenta'	Neat mound of attractive blue foliage, a dramatic contrast to the strong magenta flowers
£3.50	Dicentra cucularia	Finely dissected, smoky grey foliage, with 4" stems of white lockets in early spring.
£4.00	Dodecatheon meadia	'Shooting Stars' for spring display in part shade. Cyclamen-like reddish-pink blooms in April.
£4.00	Dodecatheon meadia 'Alba'	Strong growing, pure white sport. Opening around May. Part shade and moisture.

£3.50	Doronicum 'Little Leo'	8" high cultivar, Leopard's Bane for rock garden. Producing semi double golden flrs. from spring
£3.50	Draba aizoides	An easy and very early spring time alpine. Neat mound, sprays of bright yellow flrs. Feb-Mar.
£3.50	Draba bruniifolia	Clusters of small, glossy green rosettes. Bunches of bright yellow flrs. from Feb. Crevice/trough.
£4.00	Dryas octopetala	A good, free flowering clone of the native Mountain Avens. Enjoys lime, but not too dry.
£4.00	Epimedium grandiflorum 'Lilafee' (Lilac Fairy)	Violet flowers in abundance. A superb, free flowering hybrid of compact growth, only 8" high.
£4.50	Epimedium leptorhizum	Large, soft pink flowers held on thin stems above attractive, angular leaves. Leafy shade suits.
£4.00	Erigeron bellidioides (coll. Nanda Devi expd.2019)	Found on stony path, on Milam glacier at 11,500'. White flowered species, with short stems. Scree.
£3.50	Erigeron montanensis	Long succession of lilac daisies, held 1" above softly haired, tufted mound. Suits crevice.
£3.50	Erodium trifolium	An abundance of white flowers with soft pink blotches, over many months. Full sun, gritty soil.
£3.50	Erodium chrysanthum	Fine, silvery green foliage, forming neat mound. Long display sulphur yellow flowers.
£4.00	Erodium chrysanthum 'Pale pink form'	Rare. Delicate, ferny foliage of silvery-green, producing a long display of pale pink 'cups'
£4.00	Erodium petraeum 'Roseum'	A really long display of white flowers, with blush pink face. Olive green, ferny foliage. Sun.
£3.50	Felicia rosulata	Hardy Himalayan species. Cornflower blue flowers with orange centres. Carpenter.
£3.50	Festuca 'Golden Toupe'	Slow growing and small in stature, fine needles of pure golden yellow. Would suit trough.
£3.50	Ficaria verna 'Cuprea'	Well behaved Celandine, producing bright coppery-orange blooms in early spring. Moisture
£4.00	Ficaria verna 'Double Cream'	No fear of this seeding around! Sterile, large fully double, buff/cream flowers in spring.
£3.50	Ficaria verna 'Primrose'	A really showy Celandine, non-invasive with minimal foliage and huge creamy yellow flrs.
£3.50	Filipendula palmata Dwarf Form	Beautiful Japanese species of carmine pink flwrs. in late summer. Only 10" high. Floriferous.
£8.00	Fritillaria camschatensis aurea	The yellow species type, flowering at 10" high, easy in moist shade. Seldom offered.
£8.00	Fritillaria camschatensis Dwarf Form	Rarely offered, relic from Jack Drake nsy. This is the Japanese alpine form, 6-8" high. Jet black
£4.00	Gentiana acaulis 'Krumrey'	SPECIAL. A very free-flowering form from Germany. Large, deep blue flowers from May.
£4.00	Gentiana acaulis 'Maximus'	Special. Simply huge, deep blue trumpets on this reliable flwrg. Cultivar. Forms good sized mat.
£3.50	Geranium dalmaticum 'Album'	Very special, slow to produce. Remains small with good sized white flowers.
£5.00	Geranium pratense 'Midsummer Night'	** Raised on our nursery, a very dark leaved miniature. Ht. 8" with lots of large, bright blue flrs.
£4.00	Geum rivale 'Leonard's Variety'	An old cultivar. Peach, semi-double, nodding blooms of good size. Moist soil, part shade.
£4.50	Geranium sanguineum 'Pink Globe'	** Compact sport between G. Striatum and G. sang. nanum. Raised on the nursery. Floriferous.
£3.50	Geum triflorum campanulatum	Ground hugging species, with ferny foliage. 4" stems, each with 3 nodding apricot bells. U.S.A
£3.50	Globularia trichosantha	Low dome of glossy, linear leaves, with short spikes of mid blue, ball shaped flowers.

£5.00 <b>11cm</b>	Gypsophila aretioides	For alpine house or sunny trough – covered in winter. Forms iron hard cushion, very slow.
£3.50	Gypsophila cerastoides	Close mat, hidden by the abundant white flowers. Ideal for hugging rock formation.
£3.50	Gypsophila repens 'Dubia'	Quite different, this has olive coloured foliage and red stems, with cascades of soft pink flowers.
£3.50	Gypsophila tenuifolius	Close grass-like cushion, with many pale pink flowers all summer. Neat dome for rockery.
£4.00	Haquetia epipactis	Yellow button flower, with large green sepals early Spring. Woodlander for moist shade. Alps
£3.50	Hebe ramosissima	Slow forming, evergreen mat covered in white flowers, when given full sun. Gritty soil.
£3.50	Helianthemum nummularia	The Scottish species, growing prostrately over rocks. Long display of clear yellow flowers.
£4.00	Hepatica nobilis Alba	Pure white form of this popular, early spring woodlander. Flowers above unmarked leaves.
£4.00	Hepatica nobilis (Violet Blue)	This form we grow is from plants obtained with the darkest violet shade imaginable.
£4.00	Hepatica nobilis (Dusky Pink)	Selected for its soft lilac/pink shade, a welcome colour break, also a free flowering clone.
£4.50	Hepatica nobilis Marbled/pink	Beautiful, dusky pink flowers sit above attractively marked foliage. Usually stays evergreen.
£4.00	Hepatica nobilis 'Pyrenean Marbles'	Stunning, large white flowers above Cyclamen-like, marbled fol. Last of the nobilis to flower.
£4.50	Hepatica nobilis Red Shades	These seedlings will vary, from reddish-pink to clear, deep red. Worthwhile subject for pan.
£3.50	Heuchera pulchella	Dainty mound producing many red stems of soft pink flowers. High regions of Rocky Mts.
£3.50	Hieraceum villosum	Intense silver haired foliage, with dramatic bunches of large yellow, Hawkweed flowers.
£4.00	Hosta 'Blue Mouse Ears'	Ideal for shady troughs, etc. Rounded blue leaves with deep lilac, good sized flowers. Ht. 3"
£4.00	Hosta kikutii var yakusimensis	A mere pad of tiny leaves, sending up 3" stems of large, lilac flowers. Quite uncommon. Suits trough
£3.50	Hypericum empetrifolium nanum	Superb crevice plant, forming compact carpet. Smothered in small yellow flowers all Summer.
£4.00	Hypericum olympicum 'Minus'	Beautiful, rounded evergreen shrublet, perpetually flowering from early summer. Yellow flowers.
£3.50	Hypericum reptans	Prostrate mat of tiny, Thyme-like fol. and unnaturally large yellow flowers. Himalayas.
£4.00	Impatiens omiense (species)	Truly hardy, ground covering species with natural variegation and lots of late yellow flwrs.
£4.00	Incarvillea delavayii 'Bee's Pink'	Large, exotic shallow trumpets in soft pink shade, early summer. Well drained soil in sun.
£4.00	Incarvillea zhongdianensis	A strong growing species, suited to sunny border with reddish-pink flowers. Good drainage.
£3.50	Ipheion uniflorum 'Charlotte Bishop'	Tufts of grass-like stems produce long spring display of dusky pink stars. For border or rockery.
£3.50	Ipheion uniflorum 'Jessie'	A beautiful new cultivar, producing star shaped flowers in shade of deep royal blue.
£4.50	Iris x intermedia 'The Gingerbread Man'	Unusual, dwarf bearded Iris. Brown flowers with violet beard. Ht. 10". Full sun, free flowering.
£4.00	Iris pumila 'Cherry Garden'	For those who like dark flowers, this 8" Iris has large, aubergine coloured blooms in spring.
£4.00	Iris pumila 'Knick-knack'	A 'must have' plant. White flowers with a violet picotee edge to the petals. Approx. 8" high.
£6.00	Iris pumila 'Little Shadow'	Rare. Slow to increase, this 8" high cultivar has darkest blue flowers with almost black falls.

£4.00	Iris pumila (Sky Blue)	We don't have the correct name for this reliably free flowering, self coloured, sky blue dwarf Iris.
£4.50	Iris richenbachii	A real gem for alpine house or show bench. Only 3" high, with large brassy gold bearded flowers.
£4.00	Iris schachtii	Beautiful species Iris for pot culture or show bench. Succession of large bright yellow flwrs. 12"
£3.50	Iris suavaolens	Tiny species from the Caucasus. Brass coloured, bearded Iris flowers, only 3" high.
£3.50	Iris setosa Dwarf form	Easy to please, free flwrg. Dwarf Iris. Suits small rockery. Blue flowers, gold veining. Approx.6"
£3.50	Lamium sandrasicum	Of low, globular habit, covered in many white, pink-lipped Snapdragon-like flowers. Sun. Ht. 4"
£3.50	Lathyrus vernus 'Alboreus'	Very free flowering, soft pink perennial pea, for front of border, or woodland edge. Herbaceous.
£4.00	Leucojum vernum	Giant Snowdrop relative. 8" stems topped by huge white bells from Feb. Likes moisture & shade.
£4.50	Leucojum vernum 'Carpathicum'	Grown from divisions of our best yellow tipped bulbs. Less vigorous than the greens. Moisture,
£4.00	Lewisia nevadensis 'Rosea'	Soft pink flowers, held in heart of narrow leaves, early summer. Ideal pot plant for cold g/house.
£3.50	Limonium speciosum 'Blue Diamond'	An alpine Statice for raised beds in sun. 10" stems papery flwrs. of pale lavender. Evergreen.
£3.50	Lithodora diffusa 'Heavenly Blue'	Few alpine exhibit such a deep blue colour of flower. Stunning when seen as a wide mat.
£3.50	Lysimachia japonica minutissima	Japanese species forming neat pad, studded with tiny yellow flowers. Non-invasive. May-Aug.
£4.00	Maianthemum bifolium var Yakushimanum	This tiny species from Japan carpets troughs and shady areas under shrubs. Slow, non-invasive.
£6.50	Meconopsis quintuplinervia	Reginald Farrar's 'Harebell Poppy' for shady, cool spots. Enjoys moist, leafy soil in shade. Runs.
£4.00	Mertensia maritima	Rare Scottish native to Outer Hebrides. Sky blue, leaves, small thimble flowers. Sandy soil in sun.
£3.50	Muscari aucheri 'Ocean Magic'     3 bulbs	One of the 'new look' well behaved grape Hyacinths. Bright blue, graduating to white
£4.00	Muscari 'Pink Sunrise'	A grape Hyacinth, of soft pink colour, beautiful in pots with cream and blue Primroses.
£3.50	Narcissus 'Elka'                     2 bulbs	Dwarf, trumpet Narcissi, starts as palest yellow, opening fully to pure white. Ht. 8".
£4.50	Narcissus 'Mitzy'	Delicate looking, yet hardy miniature for alpine garden. Pale butter yellow trumpets. Ht. 4"
£5.00	Narcissus cyclamineus 'Mite'	Only 6" high, with large, yellow swept back flowers. Long lived and reliable. Bulks up well.
£3.50	Narcissus "Toto"	Stunning white miniature hybrid, usually produces 2 stems per bulb, each with several blooms. Ht. 8"
£3.50	Narcissus cyclamineus 'Tracey'	Opening creamy yellow, soon turning pure white with delicate scent. Approx. 10" high.
£4.50	Narcissus nanus 'Douglasbank'	Stunning cultivar, this tiny Daffodil with yellow trumpets. Guaranteed to flwr. and bulk up, only 3"
£4.50	Narcissus poeticus 'Plenus'                     2 bulbs	The last Daffodil to flower. White, semi-double Gardenia blooms with exquisite scent. Special.
£4.00	Narcissus triandrus "Lemon Drops"	One of the finest cultivars, producing 10" stems of large, palest sulphur yellow triandrus blooms.
£4.00	Omphalodes cappadocia 'Cherry Ingram'	Abundant flrs. on this woodland gem. Many 'Forget-me-not' blooms. Ideal for leafy shade.
£3.50	Oreomyrhis argentea	Close silvery pad, with stemless pale pink candles early summer. Suits troughs or crevices.
£3.50	Oxalis acetosella 'Rosea'	Deserves better attention, heavy flowering, deep pink Wood Sorrel for leafy shade. Ground cover.

£4.00	Oxalis enneaphylla 'Alba'	A lovely, pure white form with green eye, flowering stemlessly over silvery-grey leaves.
£4.00	Oxalis enneaphylla x 'Ione Hecker'	Huge, stemless flrs. of pale pink, strikingly veined in violet. One of the very best Oxalis.
£4.00	Oxalis enneaphylla 'Waverley Hybrid'	Small impressive hybrid, ideal for troughs. Dark purple, magenta veined flowers. Very special.
£3.50	Oxalis magellanica 'Flora Plena'	Rightly popular. Many small, white pom-pom flowers. For gravel edges, or between paving.
£4.00	Oxalis oregana 'Bob Haszeldene'	Most attractive Shamrock leaves, with long display of large, pink cup flowers. Woodland.
£3.50	Parahebe "Jean"	Small, dome shaped shrublet, smothered in profusion of white flowers, all summer long.
£3.50	Penstemon heterophyllus 'Blue Gem'	Slow growing mat, producing many short spikes of deep blue flrs. late May-July. For scree / trough
£3.50	Persicaria vacciniifolia	From high in Tibet, this low species cascades over rocks, with hundreds of pink pokers. Ht. 3"
£3.50	Phlox douglasii 'Crackerjack'	Lovely, compact needle-leafed mat, ideal for troughs or rockery. Dark crimson flowers.
£3.50	Phlox douglasii 'Eva'	Lovely shade of lavender, sweet scent in spring. P. douglasii hybrids are excellent in troughs.
£3.50	Phlox subulata 'Bavaria'	Lovely new introduction. Cream flowers with a striking violet eye. Cascading rock plant.
£3.50	Phlox subulata 'Purple Beauty'	An original colour of cultivar, abundantly flowering, with puplish-blue blooms from May.
£4.00	Polygonatum pratii	Dusky lilac, miniature bells hang from slender leaf axils in spring. Approx. 9" ht. Woodlander.
£5.00	Polygonatum x 'Betburg'	An interesting hybrid, with slate grey foliage which turns green later in summer. White bells. 18"
£3.50	Potentilla eriocarpa	Wonderful Himalayan species of tidy, creeping habit. Long display of small, golden flwrs. Late.
£3.50	Potentilla megalantha	Attractive, softly haired leaves frame clusters of huge, golden yellow blooms all summer. Japan.
£3.50	Potentilla species (coll. Nanda Devi, expd.2019)	This ground hugging species from 14,100' displays vibrant red fol. colour in Autumn. N. India
£3.50	Potentilla verna nana	Lovely close mat of deepest green leaves, studded with egg yolk yellow flrs. of good size.
£3.50	Pulsatilla halleri grandis	Huge, open face goblets of light lavender blue. Easter flowering. For rocky site in full sun.
£4.00	Pulsatilla vulgaris 'Eve Constance'	The spring Pasque Flower in a delicate shade of pale strawberry. Good, well drained soil suits.
£4.00	Pulsatilla vulgaris 'Papageno'	A strain of Pasque Flower, sporting fringed blooms in various colours. April -May.
£4.00	Pulsatilla vulgaris 'Pearl Bells'	A new sport, with soft pink flowers. Easy rockery or front of border plant.
£4.00	Ranunculus alpestris	Ideal trough or crevice species, of tidy habit. Long display of white Buttercups from spring.
£4.00	Ranunculus bilobus	Miniature white Buttercup, for rocky scree or trough. Spring flowering.
£3.50	Ranunculus gramineus	Attractive thick grey leaves, 10" stems topped with large golden buttercups. Non-invasive.
£4.50	Ranunculus montanus 'Flore Pleno'	Fully double, golden flowers above 5" stems, from April to early summer. Moisture.
£3.50	Ranunculus montanus 'Molten Gold'	Another of our high alpine species Buttercups, from Alps. Glossy, golden flrs over neat mound
£4.00	Roscoea cautleyoides	Easy woodlander. Butter yellow orchid-like flowers arise rapidly from leafy shade in early June.
£4.50	Roscoea purpurea	Easy to grow in a woodland setting, this large purple flowered species blooms in Autumn.

£4.00	Roscoea tibetica 'Alba'	A rare introduction, ex Tibet. Pure white, stemless flowers in early summer. Suits trough. Part shade.
£3.50	Saponaria x 'Olivana'	Famous old cultivar, forming a neat mat, and radiating large, soft pink flowers all summer.
£4.00	Saponaria ocymoides 'Rubra Compacta'	5" wide pad, radiating bunches of reddish-pink flowers, early summer. Lovely crevice plant.
£4.00	Saponaria ocymoides 'Snow Tip'	Quite different in habit from usual pink. Dense mat, radiating short stems of pure white flowers.
£4.00	Saxifraga 'Hareknoll Beauty'	Silvery, encrusted rosettes give rise to many stems of red flowers, over long period.
£4.00	Saxifraga crustata	Slow growing, low hard cushion. White flowers with thin silver encrusted fol. Superb trough plant.
£4.00	Saxifraga canis dalmatica	Encrusted Saxifraga, forming dome of silvery rosettes, topped by palest pink/white flowers.
£4.00	Saxifraga cochlearis minor	Small, hard dome of silvery rosettes. White flowers early summer. Suits trough or crevice.
£4.00	Saxifraga cotyledon 'Kath Dryden'	Large, encrusted rosettes produce arching sprays of large white flowers from late May.
£4.00	Saxifraga cotyledon 'South Side Seedling'	Large starfish shaped rosettes send up many white flrs-vividly splashed with red centres.
£4.00	Saxifraga elizabethae 'Boston Spa'	Free flowering in April. Lots of Primrose yellow flrs on this kabschia type. Ideal for trough.
£4.00	Saxifraga oppositifolium 'Vaccariana'	The striking purple Saxifraga of early spring, growing so well in our Scottish climate.
£4.00	Saxifraga paniculata ssp baldensis	Hard pads of small silvery rosettes, with abundant white flowers on 5" stems. Slow growing mat.
£4.50	Saxifraga paniculata var minutifolia	Hard pads of small silvery rosettes, with abundant white flowers on 5" stems. Ideal trough Sax.
£4.00	Saxifraga paniculata 'Jaromir'	Silvery rosettes forming close cushion, with many stems of red flowers in mid summer.
£4.50	Saxifraga x salmonica "Marie-Louise"	Beautiful, hard cushions of steel grey foliage, covered in white, stemless flowers Dec - Feb.
£4.50	Saxifraga x boydilacina "Penelope"	Small subject for trough, forming neat pad of deep green foliage, with stemless palest peach flowers.
£4.00	Saxifraga kotschyana	Small and slow species, from Iran. Green rosettes, lightly encrusted. White flwrs. 5" stems.
£4.00	Saxifraga 'Winifred Bevington'	Green rosettes packed tightly together, each with a red stem, topped with bunches of pink flowers.
£4.00	Saxifraga 'Whitehill'	A cultivar grown for its distinct and strikingly marked rosettes, displaying white encrustations
£4.00	Saxifraga primuloides 'Clarence Elliot'	Emerald green rosettes, each sending up red stems and lots of frothy pink flowers in summer.
£4.00	Scabiosa japonica 'Rose Quartz'	** Our own introduction. Very compact habit, with large soft pink blooms all summer.
£4.00	Scilla hyacinthoides	Seldom offered or seen, this pure white summer flwrg. Scilla looks great in part shade or sun. 8"
£3.50	Scutellaria japonica	Constant supply of soft, amethyst blue flrs. from July. Low mounds of dark green fol. Desirable.
£3.50	Sedum 'Bertram Anderson'	Small plant, radiating almost black, rounded leaves. Lax stems carry bunches of ruby flowers.
£3.50	Sedum reflexum 'Red Form'	A less vigorous sport, turning a vibrant red from autumn to late spring. Uncommon.
£3.50	Semiaquilegia ecalcarata	Dainty maroon bells hang from 7' stems, giving long display in spring. 'Maidenhair'-like foliage.
£3.50	Sempervivum arachnoideum 'Rubin'	Congested rosettes, covered in cobweb filaments. Ideal for crevice or trough. Sharp drainage reqd.

£3.50	Sempervivum 'Engle's Rubrum'	Finely haired, dove grey rosettes. A subtle, but beautiful enhancement to troughs or pots.
£3.50	Sempervivum tectorum 'Rubrum'	Silvery haired rosettes of deep claret, adding year round colour to rocky crevice or troughs.
£3.50	Serratula shawii syn seoneai	Late flowering, 16" high stems above darkest green, feathery fol. Masses mauve knapweeds.
£4.00	Silene acaulis 'Frances'	This golden leafed form of Moss Champion was found on Shetland. Stemless pink flwrs. Moisture.
£3.50	Silene maritima 'Rosea'	A spectacular display of palest pink flower bells covers the cascading foliage, spring – summer.
£3.50	Sisyrinchium 'Devon Skies'	Non-invasive cultivar, suitable for rock garden. Lovely pale blue cups all summer long. 5"
£3.50	Sisyrinchium 'Dragon's Eye'	A tidy, non-invasive Iris like plant, producing cream cups with purple eye zone. 5" high.
£4.50	Soldanella alpina 'Alba'	Due to its tiny size, best grown in shallow pan. Lots of small, white fringed bells from April.
£4.00	Soldanella carpatica	Lush green, rounded foliage forming small mat. Short stems of violet bells from April.
£4.50	Soldanella minima	Slow, creeping mat of tiny leaves, topped with small white bells. Best in trough or pan.
£4.00	Soldanella 'Spring Symphony'	Similar to 'Sudden Spring', but flowers are larger, and entire plant is smaller and slower.
£4.00	Soldanella x 'Sudden Spring'	Small leafed montana hybrid, of free flowering habit. Pale lilac flowers, of good size. Early.
£4.00	Soldanella villosa	N. American species, growing at edge of light woodland. 8" stems, with lots of violet bells
£3.50	Solidago virgaurea ssp minima	Uncommon form, apparently a rare native. Dwarf mound with tiny yellow buttons, Sept. to Oct.
£4.00	Sieversia pentapetala	Slow carpenter from Japan. Dryas-like cream flowers, over dissected leaves.
£3.50	Spirea japonica 'Nana'	Reaching 10" high and 2 ft. wide. Reliably covered in pink flowers. For larger rock garden
£4.00	Stachys discolor	Native to Iran, producing large, pale cream flrs. on 9" stems, early summer. Good drainage, full sun.
£4.00	Stachys officinalis 'Humeleo'	Welcome introduction for the larger rock garden, 10" stems of pale purple spikes in summer.
£4.00	Stachys officinalis 'Dwarf White'	Miniature alpine sport, suitable for troughs, etc. Short spikes pure white flowers. Summer/Autumn
£4.00	Teucrium pyrenaicum	Classy, crevice plant, hugging contours. Cream/ purple lipped flwrs. Mid summer. Sharp drainage
£3.50	Thymus 'Red Elf'	A chance sport from T. 'Elfin Dome' - VERY floriferous, deep reddish flowers. HARDY.
£3.50	Townsendia alpigena var alpigena	Small tufts of linear leaves, with 4" stems of lavender daisies, spring-summer. Sunny crevice.
£4.00	Trollius europeus 'Lemon Supreme'	Stocky new sport, only 14" high. Acid yellow globes from late spring. Suits border fronts.
£3.50	Trollius ranunculoides	Good sized, single Buttercup like flowers, above 8" stems. Late summer. Suits woodland edge.
£3.50	Umbilicus oppositifolius (formerly Chiastophyllum)	Round, succulent leaves and pendulous Laburnum-like chains. From early May-June.
£4.00	Uvularia grandiflora var pallida	Creamy yellow, drooping blooms on 9" stems. Perfect with small woodland plants. Part shade.
£3.50	Veronica oltensis	Suitable trough plant, forming close pad of tiny leaves topped by many short, blue spikes.
£3.50	Veronica prostrata 'Lilac Time'	A slow growing, compact cultivar, with soft lilac spikes, covering pad of tiny leaves.
£4.00	Veronica spicata 'Prince's Feather'	Emerald green foliage, hugs ground. 6" spikes of deep violet blue, flowering mid summer. Showy.

£3.50	Vinca minor 'Azurea Flore Pleno'	Superb ground cover for sun or part shade. Sprays of double blue flowers, from spring.
£4.00	Vinca minor atropurpurea ** 'Rumbling Bridge Double'	A chance seedling appearing on the nursery, of more upright habit, with double purple flowers.
£3.50	Viola adunca	Coll. Mary's Peak, Oregon at 4,000'. Tidy pad of small leaves, flwrs.vary from deep pink – violet.
£3.50	Viola hancockii	Attractive, rare species from Vietnam, with large lilac flrs. over deep green leathery text. leaves.
£3.50	Viola odorata 'Coeur d'Alsace'	The Parma Violet, in delicate shade of dusky pink. Flowering from early March,. Part shade.
£3.50	Viola odorata 'Sulphurea'	An unusual form of the Sweet Violet in a shade of pale sulphur yellow. Also, less vigorous.

## AURICULAS

*PLEASE VIEW CURRENT FULL LIST [HERE](#)  
OR ON OUR [FACEBOOK PAGE](#), WHERE THERE ARE  
ALSO PHOTOS OF OUR COLLECTION IN THE  
AURICULA THEATRE & AURICULA HOUSE*

We also offer Auriculas at the various shows we attend, throughout the season.

## PRIMULAS - EUROPEAN SPECIES & HYBRIDS 8-9CM SQUARE POTS

*All vars. marked with \*\* Raised by Rumbling Bridge Nursery*

£3.50	Primula auricula hybrids ** 'Rumbling Bridge Strain'	Our finest hybrid mix. Many exhibit serrated edge leaves and farina. Wide ranging colours.
£4.50	Primula x 'Kusum Krishna' **	Our best hybrid yet, received a P.C. in 2007. Lrg. stunning Gentian blue flrs. Stemless habit.
£4.00	Primula allionii 'Aire Mist'	Successful show variety of long standing. Very compact cushion, hidden by huge, white flowers.
£4.00	Primula allionii 'Jackie Richards'	Superb show plant, forming compact glossy green rosettes. Covered with many powder blue flowers.
£4.00	Primula x allionii 'Blindsee'	Very close cushion, hidden by cream flowers from early April. Fine show plant.
£4.00	Primula x 'Broadwell Milkmaid'	One of the most compact and free flowering show varieties. Stemless cream flwrs. from April.
£6.00	Primula x 'Celtic Maiden' ** (the yellow marginata)	Our own introduction, sporting powdery marginata foliage, with many large Primrose yellow flowers.
£4.00	Primula auricula Species ( Coll. Switzerland)	Seed grown plants from an excellent form, originally collected Switzerland. Some mealy.
£4.00	Primula hirsuta 'Lockey's Red'	Lovely sport, raised by Derek Lockey. Makes a good show plant. Rasp. red, yellow eyed flowers.

£5.00	Primula hirsuta 'Nivea'	This pure white form is easier to grow and maintain, especially in pot for show.
£4.00	Primula marginata Dwarf Form	Best enjoyed in troughs or pots in cold g'house, due to small habit. Deep violet blue flrs. March
£4.50	Primula marginata var Laciniata	Deeply serrated leaves, like Holly foliage, dusted in farina. Sky blue flowers from March – April.
£6.00	Primula marginata 'Late Frost' **	Our latest introduction - a compact, large flwr. white, extending the marginata season into May.
£4.50	Primula melanops x chionantha	Mid way hybrid , approx. 10" high. Bunches of nodding, open faced purple flowers. Rare.
£4.00	Primula x pubescens 'Jo Jo'	The seedling partner to Clarence Elliott, though, superior. More compact/floriferous. Deep blue.
£5.00	Primula x pubescens 'Rumbling Bridge' **	Good sized flowers of butter yellow, against neat farinose leaves. Please see page on our website.

### PRIMULAS, SPECIES - 9CM & 1L POTS

All vars. marked with \*\* Raised by Rumbling Bridge Nursery

£3.50	Primula alpicola 'Luna'	A selection with pale, moonlight yellow bells, powdered within. Most popular of our 3 forms.
£3.50	Primula alpicola 'Violacea'	The species type, appearing in range of colours from pinky-terracotta, to pale or deepest violet.
£6.00 <b>1L</b>	Primula aurantiaca	Seldom available. Dwarf Candelabra with brown stems, and tiers of deep orange/pink flowers.
£4.00	Primula aurantiaca x pulverulenta ** <i>P.C.</i>	This shorter growing Candelabra hybrid appeared on Nsy. 2012. Wide range of colours.
£3.50	Primula beesiana	Most commonly seen of candelabras, deep reddish pink flowers late May. Likes moisture.
£3.50	Primula bulleyana	The best known of the Candelabras, much admired for its hot orange flrs. in mid summer.
£4.00	Primula cashmeriana	Less robust than P. denticulata. Mid blue drumsticks, held above mealy leaves. April-May.
£3.50	Primula chionantha	Golden farina covers undersides of the leaves and flower stalks. Deep purple or white flowers.
£4.50 <b>1L</b>	Primula denticulata (Blue Shades)	Grown from best selected blues. Shades will vary. One of the best Primulas for a Scottish spring.
£5.00 <b>1L</b>	Primula denticulata 'Rubinball'	Absolutely stunning shade of deep, ruby red. Brightens up the early spring garden.
£3.50	Primula denticulata 'Rubra'	Seedlings grown from the stunning denticulata 'Rubinball'. Colours may vary.
£6.00	Primula elatior (Ltd. Supply)** ssp meyeri 'Arwen' <i>P.C.2019</i>	Pure white Oxslip flowers in April. A new form, raised here through years of colour selection.
£4.00	Primula florindae 'Red Shades'	We have selected, over many years, the deepest pillar box red forms, which come true. Fragrant.
£4.00	Primula 'John Fielding'	Small and compact Primrose, of slow habit. Sprays of purplish-blue blooms from February.
£3.50	Primula x 'Johanna'	Dwarf hybrid for wet soils. 6" stems soft pink, sometimes second or third tier. Sterile hybrid.

£3.50	Primula juliae	Turkish miniature, creeping Primrose. Deep violet blue flowers. Enjoys North facing, moist bank.
£4.00	Primula poissonii	Tiers of claret flowers with yellow eye and evergreen, glossy fol. Moisture/part shade. China.
£3.50	Primula rosea	Common, but always popular in Spring. Vivid pink flowers with yellow eye. Tight clump.
£3.50	Primula secundiflora	Cowslip type from China. 10" stems, nodding downwards, clad in cherry red bells. Wet soils.
£4.00	Primula sikkimensis hybrid	Wonderful dwarf, of multi-stemmed habit, with bunches of claret bells/cream inner. Only 8" high.
£3.50	Primula sikkimensis var pudibunda	A stockier growing selection, of the popular nodding, yellow cowslip Primula. Likes moisture
£3.50	Primula veris 'Sunset Shades'	Neat growing cowslip, with shorter stems than native variety. Deep red to pale orange shades.
£3.50	Primula viallii	The 'Orchid Primrose'. Violet spike, with poker of vivid red colour. Prefers a lighter border soil.
£4.00	Primula juliana 'Hallbarn Blue'	An old compact Primrose, of free flowering habit hidden by mid blue blooms. Early.
£4.00	Primula vulgaris 'Iris Mainwaring'	Compact and heavy flowering Primrose, with huge lilac blooms, which hide foliage in spring.
£3.50	Primula waltonii	Asian Cowslip type Primula with 2' stems of flowers in varying shades of plum/purple.
£4.50	Primula waltonii (Cream) **	Raised on the nursery, by isolating our first white seedlings. Tall nodding Cowslips of creamy white.
£4.00	Primula waltonii (Butter Yellow) **	We have developed in isolation, plants of a beautiful soft, pale yellow. Stems to 2' in height.
£4.00	Primula wilsonii var anisadora	Evergreen rosettes with tiers of blooms in deep claret, with gold inner ring. For wet soils.

### WOODLAND AND HERBACEOUS PLANTS 1 LITRE POTS

£7.00	Adiantum venustum	Totally hardy Maidenhair Fern, from Himalayas. Enjoys cool, shady spot, with leafy compost.
£6.00	Anaphalis triplinervis 'Sommer Schnee'	Beautiful, silvery carpet of silky haired leaves and 10" stems of white, everlasting flowers. Jun-Sept.
£5.00	Astilbe crispa 'Perkeo'	Japanese species with very short, stiff leaves and 6" spikes of radiant pink flwrs. Suits rock garden.
£7.00	Astilbe japonica 'Red Sentinel'	Still the best red Astilbe to date. Enhanced by lovely cherry tint to leaves. July-Aug. Ht. 16".
£8.00	Bergenia ciliata	Deciduous species, producing light pink bells before lrg. softly haired fol. in spring. Uncommon.
£6.00	Bergenia cordifolia 'Overture'	Compact cultivar, with good red winter colour. Flowers are a purplish-red colour. Late spring.
£7.00	Caltha palustris 'Multiplex'	Fully double form of the native Marsh Marigold. Ideal for permanently wet sites. Long flowering.
£7.00	Clematis alpina 'Alba'	The seldom seen pure white sport. Suitable for scrambling through smaller trees or shrubs.
£7.00	Crococsmia 'Solfatare'	Best known of the bronze leaved cultivars, a free flwrg. brassy gold colour. Totally hardy. Aug-Oct.

£10.00	Dactylorhiza foliosa	Often called D. majalis, of deepest purple shade. Spikes held above unmarked broad leaves.
£12.00	Dactylorhiza foliosa 'Lydia'	Seldom offered cultivar, prized for its bold, vibrant magenta spikes in early summer. Approx. 12".
£10.00	Dactylorhiza fuchsii	Our native spotted Orchid, so easy to please. Flowering almost anywhere in the garden.
£7.00	Dicentra 'Valentine'	This short American sport has become very popular for its dark, bronzy-red flowers. Ht. 16"
£7.00	Eryngium x zabelii 'Jos Eijking'	Low foliage, with white veining, 16" stems of deepest violet blue Sea Holly flowers.
£5.00	Geranium renardii	Round, sage like leaves, and 6" stems of large cream flrs, deeply veined in grey. Himalayas.
£6.00	Incarvillea compacta	Raised from botanical seed, these will flower at approx. 9". Well drained soil, in full sun.
£6.00	Incarvillea mairei 'Grandiflora'	The true plant, with ground hugging foliage and 12" stems of gigantic rose pink flowers.
£5.00	Inula orientalis grandiflora	Forming small clump of narrow leaves, with 14" stems of large orange Calendula like blooms.
£7.00	Iris chrysographes 'Black As Your Hat'	These are divisions of the finest jet black sport, raised on the old Jack Drake nursery. Moisture.
£7.00	Lathyrus vernus 'Elspeth'	Unique shade of azure blue, on this recent Scottish introduction. For woodland/shady border.
£9.00	Lilium martagon	We have large, home grown bulbs of the lovely 'Turk's Cap Lily' These will establish well.
£12.00	Lilium superbum 'Album'	A rare and giant species, reaching approx. 7 ft. when mature. Ours are six years old, from seed.
£10.00	Linnaea borealis <b>RARE</b>	The native woodland 'Twinflower', now struggling for survival. Leafy, moist shade.
£7.00	Meconopsis baileyi	Hardly needs description, best known of the Himalayan Blue Poppies.. Sky blue flowers.
£7.00	Meconopsis baileyi 'Alba'	Really beautiful large flowered white form of the Himalayan Blue Poppy. Boss of golden stamens.
£8.00	Meconopsis x cookei 'Old Rose'	Long-lived hybrid, often flowering spring and autumn. Crushed strawberry colour flwrs. 1' ht.
£7.00	Meconopsis x 'Jimmy Bain'	A sterile hybrid with deepest blue, large flowers. Runs, to form an impressive stand.
£7.00	Meconopsis x 'Lingholm'	Our plants originate from Lingholm Garden. Showing marked vigour and multi-crown habit.
£8.00	Paeonia mairei	A free-flowering, close relative of P. veitchii from China. Large, deep pink single blooms.
£5.00	Persicaria affinis 'Donald Lowndes'	Compact and slow growing, a rare cultivar, producing a mass of soft pink/dark red pokers.
£8.00	Polygonatum x hybridum 'Striatum'	For those who like variegation, this small, slow growing Solomon's Seal has cream streaked fol.
£8.00	Polygonatum odoratum	Slow spreading species, of stocky habit. 10" stems of large fragrant, white bells.
£6.00	Polygonatum species (name unknown)	Thought to be a variant of P. hookeri. 5" high, with lovely violet bells. Longer flowering.
£9.00	Sanguinaria canadensis 'Multiplex'	White, fully double blooms, in earliest spring, like small water lilies. Rarely offered as 1L pots.
£6.00	Sempervivum 'Bronco'	Large, glossy rosettes of deep claret. Colour remains, for year long interest on rockery.
£6.00	Sempervivum 'Mrs. Guiseppe'	Large, olive green rosettes with dramatic, maroon tipped leaves. Vigorous variety.
£9.00	Sorbus poterfolia	Seldom offered. Ground hugging, Chinese species, producing large white fruits in autumn.
£9.00	Sorbus rufopilosa	<b>RARE</b> . Dwarf Rowan, coll. high alt. Bhutan. Approx. 7' high, abundant white berries.

£10.00	Trillium chloropetalum Giganteum <i>E.B.G. Form</i>	We stick with the well marked foliage clone – 'Edinburgh Botanics Form'. Deep plum flwrs.
£7.00	Uvularia grandiflora ( <i>Merrybells</i> )	Twisted, yellow petals dangle from 16" stems from early May. N. American woodlander.
<b>SHRUBS – <i>IL &amp; 1.5L POTS</i></b>		
£12.00 <b>2L A.M.</b>	Caltha x 'Moonshine' ** (polypetala x leptosepala)	Our own hybrid, sporting huge butter yellow flwrs. from Feb-May. Sterile, hence long flwrg. period.
£6.00	Cotoneaster atrophoros	Slow, ground covering species from S.W. China. Small leaves, edged with silvery 'hair'.
£10.00	Daphne mezereum Album (Dwarf Form) 10"	Rare sport, best suited to trough or rock garden with other alpines. Flwrs. from Feb – April.
£10.00	Daphne tangutica Dwarf Form	An uncommon selection, reaching only 26" high x 30". Has same long flowering period. Scented.
£5.00	Euonymus fortunei 'Kewensis'	Provides structure, as it hugs rock contours. Evergreen, small glossy fol. Tiny yellow flwrs.
£5.00	Hebe odorata	Ground hugging, glossy leaves forming small mat. Smothered in white flowers, if given full sun.
£7.00	Myrtus nummularia (Falkland Island Form)	Different from Myrteola numm. of Chile. Slow, prostrate mat, shell pink berries. Acid conditions.
£10.00 <b>1.5L</b>	Phylliopsis x 'Mermaid'	Profusion of pale pink thimbles, on a neat globe, small enough for a trough. Repeats in Autumn.
£10.00 <b>1.5L</b>	Phyllodoce x alpina	Rare hybrid between P. nipponica x P. aleutica. Producing large pink globular flwrs. April/May
£10.00 <b>1.5L</b>	Phyllodoce caerulea 'Wm. Buchanan's peach seedling'	Very rare hybrid, selected by famous plantsman, Wm. Buchanan. Pinky-peach tint to bells.
£10.00 <b>1.5L</b>	Phyllodoce empetriformis	Tidy, dense growing species, of rounded habit covered in deep pink bells, from April.
£6.00	Potentilla fruticosa 'Tilford Cream'	Masses of large cream flowers cover this fairly small, slow growing shrub. Can be clipped to size.
£10.00 <b>1.5L</b>	Rhododendron radicans	Slow growing, prostrate species with closely held purple flowers. Looks good in ericaceous trough.
£7.00	Vaccinium delavayi	Slow ground cover, only 6" high. Grown for its fiery red, new foliage. Acid soil. Ideal with Ericas.
£7.00	Vaccinium praestans	Prostrate mat, gently runs through leafy, ericaceous soil. Pink flwrs, superb autumn colour.
£7.00	Vaccinium vitis idaea minus	Forming a close pad, covered in pink flowers in spring. Ideal ericaceous trough subject.
