£6.00 1L	Primula florindae 'Red Shades'	We have selected, over many years, the deepest pillar box red forms, which come true. Fragrant.
£4.00	Primula x 'Johanna'	Dwarf hybrid for wet soils. 6" stems soft pink, sometimes second or third tier. Sterile hybrid.
£4.00	Primula juliae	Turkish miniature, creeping Primrose. Deep violet blue flowers. Enjoys North facing, moist bank.
£4.50	Primula luteola	Looks like a yellow Drumstick Primula in habit, with auricula like leaves. Beautiful, uncommon
£6.00 1L	Primula melanops X chionantha	Mid way hybrid, approx. 10" high. Bunches of nodding, open faced purple flowers. Rare.

£4.00	Primula munroi	A compact mound of small, thin leaves with many stems of tiny pink flowers held above foliage.
£8.00 1L	Primula poissonii	Tiers of ruby - claret flowers with yellow eye and evergreen, glossy fol. Moisture/part shade. China.
£6.00 1L	Primula polyneura	Beautiful Candelabra with softly haired leaves, woolly on reverse. Tiers of deep pink flowers.
£4.00	Primula secundiflora	Cowslip type from China. 10" stems, nodding downwards, clad in cherry red bells. Wet soils.
£4.00	Primula sikkimensis hybrid	Wonderful dwarf, of multi-stemmed habit, with bunches of claret bells/cream inner. Only 8" high.
£5.00 1L	Primula sikkimensis var pudibunda	A stockier growing selection, of the popular nodding, yellow cowslip Primula. Likes moisture
£4.00	Primula veris ssp columnae	A Turkish sub species, producing large clusters of golden yellow bells. Several flowering stems.
£4.00	Primula veris 'Sunset Shades'	Neat growing cowslip, with shorter stems than native variety. Deep red to pale orange shades.
£4.00	Primula juliana 'Hallbar Blue'	An old compact Primrose, of free flowering habit hidden by mid blue blooms. Early.
£6.00 1L	Primula vulgaris 'Iris Mainwaring'	Compact and heavy flowering Primrose, with huge lilac blooms, which hide foliage in spring.
£5.00 1L	Primula waltonii	Asian Cowslip type Primula with 2' stems of flowers in varying shades of plum/purple.
£8.00 1L	Primula waltonii (Cream) **	Raised on the nursery, by isolating our first white seedlings. Tall nodding Cowslips of creamy white.
£5.00 1L	Primula waltonii (Butter Yellow) **	We have developed in isolation, plants of a beautiful soft, pale yellow. Stems to 2' in height.
£5.00 1L	Primula wilsonii var anisadora	Evergreen rosettes with tiers of blooms in deep claret, with gold inner ring. For wet soils.

WOODLAND & SHADE PLANTS
9CM POTS UNLESS OTHERWISE SHOWN

£10.00 1L	Alstromeria psittacina	Approx. 3' high black stems, with crimson, green throated flowers. Hardy, non-invasive!
£4.00	Anemone nemorosa 'Blue Bonnet'	Deeper shade of lavender blue flowers than 'Robinsoniana'. Slow growing special for shade.
£4.00	Anemone nemerosa 'Flore Pleno'	Finer leaved and slower growing than A. 'Vestal'. Flowers fully double, over long period.
£4.00	Anemone nemorosa 'Royal Blue'	Large flowers of a good strong blue. A dramatic addition for leafy shade. Slow spreader.
£4.00	Anemone x lipsiensis (syn seemannii)	Beautiful, pale yellow hybrid, between A. ranunculoides and native wood anemone.
£5.00	Anemone nemorosa 'Green Fingers'	An interesting curiosity for troughs. Small flowers with clusters of green leaflets in place of petals.
£4.00	Anemone nemorosa x 'Vestal'	Double pom-pom centres on this classic w/land Anemone. Mid-late spring, Free flowering. G/cover.

£4.00	Anemone nemorosa x 'Virescens'	Unusual sport. Ferny green bracts instead of flowers. Very decorative for shaded woodland.
£4.00	Anemone obtusiloba 'Big Blue' (avail. April)	Ideal for shady area of rock garden, prefers some moisture. Long display of large blue buttercups.
£4.00	Anemone ranunculoides 'Semi Plena'	Beautiful form of the well known, yellow spring Anemone. Good sized semi double blooms. Early
£4.00	Anemone sylvestris 'Flore Pleno'	Quite a rare item. Flowers so double, they form a cream pom-pom. Groundcover at only 4" high.
£4.00	Anemone trullifolia	Good sized flowers of rich blue, late spring through summer. 3" high. Himalayas. Moist shade
£18.00 1L	Anemonopsis macrophylla	Delicate pale pink, waxy bells gently droop from 18" stems. Japanese woodlander, light shade.
£8.00 2L	Astilbe japonica 'Red Sentinel'	Still the best red Astilbe to date. Enhanced by lovely cherry tint to leaves. July-Aug. Ht. 16".
£6.00 1L	Astilbe simplicifolia 'Inshriach Pink'	A Scottish hybrid of superior flowering habit. Many pink flowers above bronzy foliage. Ht. 12"
£8.00 1L	Bergenia ciliata	Deciduous species, producing light pink bells before lrg. softly haired fol. In spring. Uncommon.
£6.00 1L	Bergenia cordifolia 'Overture'	Compact cultivar, with good red winter colour. Flowers are a purplish-red colour. Late spring.
£7.00 1L	Caltha palustris 'Multiplex'	Fully double form of the native Marsh Marigold. Ideal for permanently wet sites. Long flowering.
£12.00 1.5LA.M.	Caltha x 'Moonshine' ** (polypetala x leptosepala)	Our own hybrid, sporting huge butter yellow flowers. from Feb-May. Sterile, hence long flowering. period.
£8.00 1L	Cardamine kitaibellia (syn enneaphylla)	Beautiful cream lockets hang above narrow fingered foliage, from March. Woodlander. 9-10".
£10.00 2L	Clematis alpina 'Alba'	The seldom seen pure white version. Suitable for scrambling through smaller trees or shrubs.
£4.00	Colchicum agrippinum	Fine Turkish species, only 6". Characteristic chequered goblets of rosy-lilac colour.
£6.00 1L	Colchicum speciosum 'Album'	Stunning. Huge white goblets in early autumn. Our clone builds up reasonably quickly.
£8.00 1L	Convallaria majalis 'Albostrata'	Very slow growing, with thin gold striations to the leaf. A special and well behaved woodlander.
£4.50	Corydalis cashmeriana	The best species for shady trough or raised bed. Short stems of intense blue flowers. Tiny mound.
£5.00	Corydalis x 'Craigton Blue'	A new introduction, with densely packed flower heads, Royal blue. Strong stems, to 16". Vigorous
£5.00	Corydalis x 'Craigton Purple'	Another unique cultivar from I. Young. The best true purple, with heavy flowering, stately habit.
£6.00 1L	Corydalis x 'Heavenly Blue'	Special new hybrid, between C. Elata and C. Flexuosa. Stronger and shorter stems, sky blue.
£4.00	Corydalis x 'Kingfisher'	Very special hybrid between C. Cashmeriana x C. Elata. Compact, long flowering if grown in shade
£10.00 1L	Dactylorhiza foliosa	Often called D. majalis, of deepest purple shade. Spikes held above unmarked broad leaves.
£10.00 1L	Dactylorhiza fuchsii	Our native spotted Orchid, so easy to please. Flowering almost anywhere in the garden.
£8.00 1L	Dicentra 'Valentine'	This short American sport has become very popular for its dark, bronzy -red flowers. Ht. 16"
£4.50	Dodecatheon Jeffreyi	Long pink petals, with white ring at mouth & long protruding black stigma. From California & Alaska.

£4.00	Dodecatheon meadia	'Shooting Stars' for spring display in part shade. Cyclamen-like reddish-pink blooms in April.
£4.50	Dodecatheon meadia 'Alba'	Strong growing, pure white sport. Opening around May. Part shade and moisture.
£7.00 1L	Epimedium grandiflorum 'Lilafee' (Lilac Fairy)	Violet flowers in abundance. A superb, free flowering hybrid of compact growth, only 8" high.
£5.00	Epimedium leptorhizum	Large, soft pink flowers held on thin stems above attractive, angular leaves. Leafy shade suits.
£6.00	Ficaria verna 'Christo'	New cultivar, still very rare. Deep chocolate leaves, large semi-double golden flowers. Very slow.
£4.00	Ficaria verna 'Cuprea'	Well behaved Celandine, producing bright coppery-orange blooms in early spring. Moisture
£4.00	Ficaria verna 'Double Cream'	No fear of this seeding around! Sterile, large fully double, buff/cream flowers in spring.
£4.00	Ficaria verna 'Primrose'	A really showy Celandine, non-invasive with minimal foliage and huge creamy yellow flowers.
£6.00 1L	Filipendula palmata Dwarf Form	Beautiful Japanese species of carmine pink flowers. in late summer. Only 10" high. Floriferous.
£6.50 1L	Gentiana sino-ornato	This is the clone preserved from introduction by George Forrest. Lovely habit and free flowering.
£4.00	Geum rivale 'Leonard's Variety'	An old cultivar. Peach, semi-double, nodding blooms of good size. Moist soil, part shade.
£6.00 1L	Geum triflorum campanulatum	Ground hugging species, with ferny foliage. 4" stems, each with 3 nodding apricot bells. U.S.A
£4.00	Haquetia epipactis	Yellow button flower, with large green sepals early Spring. Woodlander for moist shade. Alps
£9.00 1.5L	Helleborus hybridus 'Black Seedling'	Grown from our best blacks and darkest purples. Suits leafy soil, in part shade.
£9.00 2L	Helleborus niger	The popular Christmas Rose, with evergreen leaves and buds from Nov. Sheltered site.
£25.00 1L	Hepatica transsilvanica 'Elison Spence' (av. March)	Much sought after for its sky blue, double flowers in March. A collector's item for cold glasshouse.
£12.00 1L	Hepatica transsilvanica 'Blue Eyes' (avail. March)	A vigorous selection, of soft cornflower blue with a deep blue eye. Ideal for leafy soil.
£8.00 1L	Hepatica nobilis 'Pyrenean Marbles'	Stunning, large white flowers above Cyclamen-like, marbled foliage. Last of the nobilis to flower.
£12.00	Hepatica 'Purple Plena' (avail. March)	Possibly not the true true name, but well worth growing for its tight purple/violet, double blooms.
£4.50	Hepatica nobilis Alba	Pure white form of this popular, early spring woodlander. Flowers above unmarked leaves.
£4.50	Hepatica nobilis (Violet Blue)	This form we grow is from plants obtained with the darkest violet shade imaginable.
£4.50	Hepatica nobilis (Dusky Pink)	Selected for its soft lilac/pink shade, a welcome colour break, also a free flowering clone.
£4.50	Hepatica nobilis Marbled/pink	Beautiful, dusky pink flowers sit above attractively marked foliage. Usually stays evergreen.
£4.50	Hepatica nobilis Red Shades	These seedlings will vary, from reddish-pink to clear, deep red. Worthwhile subject for pan.
£4.00	Hosta 'Blue Mouse Ears'	Ideal for shady troughs, etc. Rounded blue leaves with deep lilac, good sized flowers. Ht. 3"
£6.00 1L	Lathyrus vernus 'Albroseus'	Very free flowering, soft pink perennial pea, for front of border, or woodland edge. Herbaceous.

£8.00 1L	Lathyrus vernus 'Elsbeth'	Unique shade of azure blue, on this recent Scottish introduction. For woodland/shady border.
£4.00	Leucojum vernum	Giant Snowdrop relative. 8" stems topped by huge white bells from Feb. Likes moisture & shade.
£5.00	Leucojum vernum 'Carpathicum'	Grown from divisions of our best yellow tipped bulbs. Less vigorous than the greens. Moisture,
£9.00 1L	Lilium martagon	We have large, home grown bulbs of the lovely 'Turk's Cap Lily' These will establish well.
£25.00 1L	Lilium superbum 'Album'	A rare and giant species, reaching approx. 7 ft. when mature. Ours are six years old, from seed.
£10.00 1L	Linnaea borealis RARE	The native woodland 'Twinflower', now struggling for survival. Leafy, moist shade.
£6.00 1L	Maianthemum bifolium var Yakushimanum	This tiny species from Japan carpets troughs and shady areas under shrubs. Slow, non-invasive.
£7.00 1L	Meconopsis baileyi	Hardly needs description, best known of the Himalayan Blue Poppies,. Sky blue flowers.
£9.00 1L	Meconopsis x cookei 'Old Rose'	Long-lived hybrid, often flowering spring and autumn. Crushed strawberry colour flowers. 1' ht.
£9.00 1L	Meconopsis grandis	Deservedly prized for its large, deep blue flowers above approx. 60cm stems. Seldom offered.
£9.00 1L	Meconopsis x 'Jimmy Bain'	A sterile hybrid with deepest blue, large flowers. Runs, to form an impressive stand.
£7.00 1L	Meconopsis x 'Lingholm'	Our plants originate from Lingholm Garden. Showing marked vigour and multi-crown habit.
£10.00 1L	Meconopsis quintuplinervia	Reginald Farrar's 'Harebell Poppy' for shady, cool spots. Enjoys moist, leafy soil in shade. Runs.
£6.00 1L	Omphalodes cappadocia 'Cherry Ingram'	Abundant flowers. on this woodland gem. Many 'Forget-me-not' blooms. Ideal for leafy shade.
£5.00 1L	Omphalodes nitida	Sprays of blue Forget-me-not flowers in abundance, above linear leaves. Woodlander.
£5.00 1L	Oxalis oregana 'Bob Haszeldene'	Most attractive Shamrock leaves, with long display of large, pink cup flowers. Woodland.
£4.50 11cm	Oxalis acetosella 'Rosea'	Deserves better attention, heavy flowering, deep pink Wood Sorrel for leafy shade. Ground cover.
£5.00 1L	Oxalis magellanica 'Flora Plena'	Rightly popular. Many small, white pom-pom flowers. For gravel edges, or between paving.
£10.00 2L	Paeonia delavayi	Always admired for its thick textured, deep claret single blooms. Height eventually approx. 4-5'.
£7.00 1L	Persicaria affinis 'Donald Lowndes'	Compact and slow growing, a rare cultivar, producing a mass of soft pink/dark red pokers.
£8.00 1L	Polygonatum x hybridum 'Striatum'	For those who like variegation, this small, slow growing Solomon's Seal has cream streaked fol.
£8.00 1L	Polygonatum x 'Betburg'	An interesting hybrid, with slate grey foliage which turns green later in summer. White bells. 18"
£8.00 1L	Polygonatum odoratum	Slow spreading species, of stocky habit. 10" stems of large fragrant, white bells.
£6.00 1L	Polygonatum species (name unknown)	Thought to be a variant of P. hookeri. 5" high, with lovely violet bells. Longer flowering.
£4.00	Roscoea cauleyoides	Easy woodlander. Butter yellow orchid-like flowers arise rapidly from leafy shade in early June.
£5.00	Roscoea purpurea	Easy to grow in a woodland setting, this large purple flowered species blooms in Autumn.
£7.00 1L	Sanguinaria canadensis 'Multiplex'	White, fully double blooms, in earliest spring, like small water lilies. Rarely offered as 1L pots.

£4.50 11cm	Sellaginella krausiana	Softly haired, mossy like fronds, carpet moist woodland shade below shrubs, etc.
£6.00 1L	Serratula seoneai	Late flowering, 16" high stems above darkest green, feathery fol. Masses of mauve knapweeds.
£6.00 1L	Solidago multiradiata	Compact clusters of narrow leaves, approx. 6" spread. Lots of short yellow plumes. Tidy.
£9.00 1L	Sorbus rufopilosa	RARE . Dwarf Rowan, coll. high alt. Bhutan. Approx. 7' high, abundant white berries.
£12.00 1L	Trillium chloropetalum Giganteum <i>E.B.G. Form</i>	We stick with the well marked foliage clone – 'Edinburgh Botanics Form'. Deep plum flowers.
£6.00 1L	Trollius europeus 'Lemon Supreme'	Stocky new sport, only 14" high. Acid yellow globes from late spring. Suits border fronts.
<p>SHRUBS <i>9CM, 1L & 1.5L POTS</i></p>		
£8.00 1L	Berberis x stenophylla 'Corallina Compata'	Finest dwarf evergreen Berberis, for smaller garden. Covered in tangerine flowers. Special/slow
£5.00 1L	Calluna vulgaris 'Red Favorit'	Almost prostrate in habit, this small cultivar is wreathed in tiny, reddish-pink double flowers.
£8.00 1L	Cassiope tetragona	U.S. species, of low habit, forming thick-set bush with many white bells in spring. Height 8".
£10.00 1L	Chamaedaphne calyculata (compact form)	Low, twiggy bush, wreathed in white bells before foliage fully emerges. Arctic native.
£10.00 1.5L	Cotoneaster thymefolia	A very tough clone of this evergreen, tiny leafed shrub. Masses small red berries, autumn-spring.
£5.00 1L	Daboecia 'Charles Nelson'	An Irish heath, flowers abundantly over long period. Double flowered, lilac bells. Irresistible.
£5.00 9cm	Daboecia x scotica 'Jack Drake'	The smallest cultivar of Irish heath, best in trough. Long display of ruby red bells. Now rare.
£9.00 1L	Drymis winteri	Slow growing, red stemmed shrub. Produces small fragrant white flowers. Suitable for shade.
£8.00 1L	Gaultheria wisleyensis 'Pink Pixie'	Slow spreading groundcover of low habit. Red stems, wreathed in pink bells. Claret fruits later.
£4.00 9cm	Hebe kellowiae	Slow forming, evergreen mat covered in white flowers, when given full sun. Gritty soil.
£8.00 1L	Hebe lycopodioides 'Aurea'	Dwarf species of architectural beauty. Only 12" high, with 'old gold' whipcord foliage.
£8.00 9cm	Hydrangea paniculata var anomala	Ground hugging species, very slowly spreading with red stems, short spikes of white flowers. RARE .
£10.00 1.5L	Mahonia undulata	Ideal groundcover of slow growth habit, produces panicles of fragrant yellow flowers. Uncommon.
£8.00 1L	Myrteola nummularia	Wonderful carpeter for moist shade. Lots of red berries from Autumn through Winter. From Chile.

£9.00 1L	Myrtus nummularia (Falkland Island Form)	Different from Myrteola numm. of Chile. Slow, prostrate mat, shell pink berries. Acid conditions.
£10.00 1L	Phyllodoce x intermedia 'Fred Stoker'	A tough, long - lived hybrid, producing reddish-pink bells from April. Humus-rich bed suits.
£10.00 1.5L	Phylliopsis x 'Mermaid'	Profusion of pale pink thimbles, on a neat globe, small enough for a trough. Repeats in Autumn.
£10.00 1.5L	Phyllodoce x alpina	Rare hybrid between P. nipponica x P. aleutica. Producing large pink globular flowers. April/May
£10.00 1.5L	Phyllodoce caerulea 'Wm. Buchanan's peach seedling'	Very rare hybrid, selected by famous plantsman, Wm. Buchanan. Pinky-peach tint to bells.
£10.00 1.5L	Phyllodoce empetriformis	Tidy, dense growing species, of rounded habit covered in deep pink bells, from April.
£9.00 1L	Pieris japonica 'William Buchanan'	Small enough for an ericaceous trough. Slow to reach eventual ht of 9". New growth salmon pink.
£6.00 1L	Potentilla fruticosa 'Tilford Cream'	Masses of large cream flowers cover this fairly small, slow growing shrub. Can be clipped to size.
£12.00 1.5L	Rhododendron keleticum radicans	Slow growing, prostrate species with closely held purple flowers. Looks good in ericaceous trough.
£10.00 1L	Rhododendron 'Sarled'	Dwarf cultivar of compact, rounded form, covered in small white blooms. Light shade suits.
£6.00 1L	Spirea japonica 'Nana'	Reaching 10" high and 2 ft. wide. Reliably covered in pink flowers. For larger rock garden
£8.00 1L	Vaccinium glaucoalbum	Beautiful thick textured leaves, with white bloom on underside. White flowers, black berries later. 2'
£10.00 1.5L	Vaccinium nummularia	Most attractive evergreen shrub, grown for its dramatic, crimson tipped new growth. Low.
£10.00 1.5L	Vaccinium praestans	Prostrate mat, gently runs through leafy, ericaceous soil. Pink flowers, superb autumn colour.
£10.00 1.5L	Vaccinium sikkimensis	Slow, steady ground cover for part shade, with attractive red bells and black berries in autumn.
£8.00 1L	Vaccinium vitis-idaea 'Red Pearl'	Tidy, compact sport of the red Cowberry, 8" high. Lots of good sized red fruits in autumn.
£8.00 1L	Vaccinium vitis-idaea minius	Close pad of prostrate, glossy foliage, ideal for troughs. White bells in Spring, red berries in autumn.
